DNP92SEUK

EAN Code	8017709327491
Product Family	Tumble dryer
Commercial width	60 cm
Commercial depth	Standard (54 cm)
Installation	Free-standing
Drying system	Heat pump condenser
Load type	Frontal

Aesthetics

Door window	Giant door	**Control knob colour**	Black/Chrome
Colour	White	**Front panel type**	NovaCare
Front panel colour	White	**Door colour**	Black with chrome ring
LED/display colour	White	**Door handle color**	Black
Function buttons colour	Black	**Cabinet colour**	White

Display type	LED DISPLAY
Programme progress indicator	
End of cycle indicator	
Clean filter indicator	Yes
Condenser container full indicator	Yes

Technical Features

Type of motor	Standard
Functioning	Electronic control
Humidity sensor	Yes
Time drying selection	From 10 to 160 min
Cooling down phase	Yes
Anti-iron phase	Yes
Alternate drum rotation	Yes
Internal light	Yes
Combined filter	Yes
Fluff filter	Yes
Drum material	Stainless steel
Drum volume	110 l

Transparent door	Yes
Door size	40 cm
Max. door opening angle	160 °
Door hinges	Right
Reversible door	Yes
Child lock (programme set lock)	Yes
Water condenser position	At the top
Heating pump system	Yes
Type of cooling gas	R290
Amount of cooling gas in kg	0.125
Condenser water drain hose	Yes
Column installation, with compatible washing-machine	With stacking kit, available as optional accessory

Performance / Energy label – Reg 2023

Type	Condensing

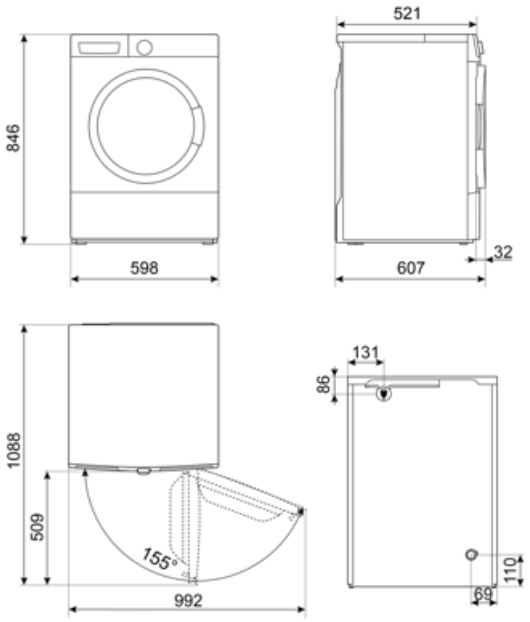
Electrical Connection

Connected power	900 W	**Frequency (Hz)**	50 Hz

Current	10 A	**Power supply cable length**	150 cm
Voltage (V)	230-240 V	**Plug**	(G) UK e Singapore

Logistic Information

Width (mm)	598 mm	**Product Height (mm)**	846 mm
Depth (mm)	607 mm		



Compatible Accessories

KITSPNC

Stacking kit dedicated to WN & DN
Dimension (mm): L598xH35xP618

Symbols glossary

A++: Energy efficiency class A++ helps to save up to 20% energy compared to class A. Maximum performance with minimum consumption is guaranteed.

Child lock: some models are fitted with a device to lock the programme/cycle so it cannot be accidentally changed.

LED display: to show programmes, functions and options selected and the time to the end of the cycle.

Humidity sensor: allows to adjust dryer to obtain the desired drying level (Iron dry, Cupboard dry and Extra dry), saving time and reducing energy consumption. In addition, manual adjusting allows you to program drying time according to your preferences.

Internal lights: help to illuminate the inside of the drum.

Cotton, linen and colored fabrics that do not fade

Program for drying cotton items including sheets, pillow cases, pajamas, lingerie, tablecloths, etc

For high speed centrifuged jeans

Short ventilation for cotton and linen garments without blowing hot air

Selection of timed cycles at low temperatures.

Shirts: Specific program that allows you to wash shirts with the utmost attention. The addition of steam at the end of the cycle ensures a reduction in the formation of creases and ironing times.

Shows the phase of program: Shows the phase in which the program is being.

Easy Iron: this is an option which can be selected to ensure the finished laundry is left with less creases to make ironing easier.

Delay timer: can be set to run the programme at a convenient time or to take advantage of off-peak energy periods.

40 cm: Large loading hatch of 40 cm in diameter, makes laundry loading and unloading easier and faster with maximum ease of use.

End: Show the stage at which the program is in progress: the program has finished.

Noise Level: Excellent insulation and special devices keep noise to a minimum.

Eco 40-60: reference programme defined by EU regulations for measuring the energy performance of washing machines. Ideal for normally soiled cotton garments washable at 40 °C or 60 °C, it provides an excellent balance between cleaning performance and savings, although it requires a longer washing time.

For fiber duvets indicating suitability on the label

For synthetic fabrics without pigments and for cotton

Gentle drying for shirts avoiding the formation of folds

Super fast: a programme designed to wash small amounts of laundry fast, ideal for washing lightly soiled garments.

Steam Option: the steam is perfect for smoothing out creases, refreshing fabrics, neutralizing odors and releasing dirt, destroying allergens more quickly than by washing the item in water.

Special program for garments / fabrics, such as children's clothes, which require sanitized and delicate washing.

Program dedicated to drying thick cotton laundry, such as towels, bathrobes, etc.

Program for delicately treating garments in synthetic or mixed fabrics, such as t-shirts and blouses.

This programme is suitable for outdoor clothing, waterproof jackets, jackets with inner insulation, etc. Thanks to the delicate temperature and the delicate movement of the drum, it treats the garments better to protect the external fabrics.
