Compact- design cooker with electric oven and gas hob: efficient and responsive, the visible heat source allows total control and choice of the right intensity.

Features

- Gas hob** - Gas provides permanent control of the heat source and the temperature change is immediate
- Vapor Clean** - By inserting water into a recess at the bottom of the cavity, steam is generated, which softens the residue and facilitates its removal
- Touch control** - Easy and intuitive timer setting with a single touch
- Push-pull storage compartment** - More space thanks to the lower push-pull compartment, ideal for storing accessories or cooking utensils
- True-convection** - The best cooking performances guaranteed by ventilated circular flow.
- Tangential cooling** - New cooling system with tangential fan and airflow from the door to the splashback
- Soft close** - The door is equipped with a specific system for silent closing
