

## A1-9

Cooker size	90x60 cm
N. of cavities with energy label	1
Cavity heat source	Electric
Hob type	Gas
Type of main oven	Thermo-ventilated
Cleaning system main oven	Catalytic
EAN code	8017709229160
Energy efficiency class	A+

## Aesthetics

Design	Professional	Control knobs	Smeg Classic
Command panel finish	Finger friendly stainless steel	Controls colour	Stainless steel
Aesthetics	Classic	No. of controls	8
Logo	Assembled st/steel	Serigraphy colour	Black
Colour	Stainless steel	Display	TFT
Logo position	Facia below the oven	Display languages	DA, DE, EN, ES, FR, IT, NL, PL, PT, RU, SV
Finishing	Fingerproof	Door	With 2 horizontal strips
Upstand	Yes	Glass type	dark grey
Series	Opera	Handle	Smeg Classic
Hob colour	Stainless steel	Handle Colour	Brushed stainless steel
Type of pan stands	Cast Iron	Storage compartment	Drawer
Type of control setting	Control knobs		

## Programs / Functions

No. of cooking functions	10
--------------------------	----

### Traditional cooking functions

 Static

 Fan assisted

 Circulaire

Turbo (circulaire + bottom + upper +  
fan)

 ECO

Small grill

 Large grill

 Fan grill (large)

Base

 Fan assisted base

### Other functions

 Defrost by time

 Defrost by weight

 Plate rack/warmer

 Proving

 Sabbath

### Cleaning functions

Catalytic

 Vapor Clean

Customisable recipes

10

Automatic programs

50

## Hob technical features

Total no. of cook zones 6

Front left - Gas - 2UR (dual) - 4.20 kW

Rear left - Gas - Rapid - 3.00 kW

Front centre - Gas - AUX - 1.00 kW

Rear centre - Gas - Semi Rapid - 1.80 kW

Front right - Gas - Semi Rapid - 1.80 kW

Rear right - Gas - Rapid - 3.00 kW

Type of gas burners Standard

Gas safety valves

Yes

Automatic electronic ignition

Burner caps

Matte black enamelled

ignition

No. of lights

Total no. of door glasses 3

<b>Fan number</b>	3	<b>No.of thermo-reflective door glasses</b>	2
<b>Net volume of the cavity</b>	115 litres		
<b>Gross volume, 1st cavity</b>	129 l	<b>Safety Thermostat</b>	Yes
<b>Cavity material</b>	Easy clean enamel	<b>Heating suspended when door is opened</b>	Yes
<b>Shelf positions</b>	5	<b>Cooling system</b>	Tangential
<b>Type of shelves</b>	Metal racks	<b>Usable cavity space dimensions (HxWxD)</b>	371x724x418 mm
<b>Light type</b>	Halogen		
<b>Light power</b>	40 W	<b>Temperature control</b>	Electronic
<b>Cooking time setting</b>	Start and Stop	<b>Lower heating element power</b>	1700 W
<b>Light when oven door is open</b>	Yes	<b>Upper heating element - Power</b>	1200 W
<b>Door opening</b>	Flap down	<b>Grill elememt</b>	1700 W
<b>Removable door</b>	Yes	<b>Large grill - Power</b>	2900 W
<b>Full glass inner door</b>	Yes	<b>Circular heating element - Power</b>	1500 W
<b>Removable inner door</b>	Yes	<b>Grill type</b>	Electric
		<b>Soft Close system</b>	Yes

## Options Main Oven

<b>Timer</b>	Yes	<b>Minimum Temperature</b>	50 °C
<b>End of cooking acoustic alarm</b>	Yes	<b>Maximum temperature</b>	280 °C

## Accessories included for Main Oven & Hob

<b>Cast iron wok support</b>	1	<b>Grill mesh</b>	1
<b>Chrome shelf with back and side stop</b>	1	<b>Catalityc panels</b>	3
<b>20mm deep tray</b>	1	<b>Telescopic Guide rails, partial Extraction</b>	1
<b>40mm deep tray</b>	1		

## Electrical Connection

<b>Max Power Draw</b>	3200 W	<b>Power supply cable length</b>	120 cm
<b>Current</b>	14 A	<b>Frequency</b>	50/60 Hz
<b>Voltage</b>	220-240 V	<b>Terminal block</b>	3 poles
<b>Type of electric cable</b>	Yes, Single phase	<b>Plug</b>	No

## Compatible Accessories

### AIRFRY9

Air fryer rack AIRFRY . Ideal for recreating traditional frying in the oven, but with fewer calories and less fat. It allows you to cook quickly and simply dishes such as French fries, fried vegetables and fish, ensuring perfect browning and crispiness.

### BN920

Enamelled tray 90cm cavity, 20mm deep

### GRM

Gas hobs moka support

### GTT

\*\*Totally extractable telescopic guides (1 level)\*\* Extraction: 433 mm Material: Stainless steel AISI 430 polished

### PALPZ

Pizza shovel with fold away handle width: 315mm length : 325mm

### SMOLD

Set of 7 silicone moulds for ice creams, ice lollies, pralines, ice cubes or to portion food. Usable from -60°C to +230°C

### BBQ9

teflon-coated aluminum grid for 90 cm cavity

### BN940

Enamelled tray 90 cm, 40 mm deep

### GTP

\*\*Partially extractable telescopic guides (1 level)\*\* Extraction: 300 mm Material: Stainless steel AISI 430 polished

### KIT2A1-9

Plinth, 90 cm, stainless steel suitable for A1-9 Opera cooker

### SFLK1

Child lock

## Symbols glossary

	<b>Triple Fan Technology:</b> The oven is equipped with an exclusive three fan system, which, combined with the increased power of the motors, enables excellent cooking performance. The two large side fans distribute the air around the outer perimeter of the cavity while the smaller central fan increases ventilation by creating a vertical vortex of heat. Accordingly, the temperature within the cavity is uniform, allowing food to be cooked evenly on all five levels, like in professional kitchens.		<b>Heavy duty cast iron pan stands:</b> for maximum stability and strength.
	<b>Catalytic cleaning:</b> the system ensures perfect hygiene inside the oven thanks to the three self-cleaning panels coated with a special enamel that promotes the progressive elimination of traces of grease and odors caused by cooking.		<b>A+:</b> Energy efficiency class A+ helps to save up to 10% energy compared to class A. Maximum performance with minimum consumption is guaranteed.
	<b>Installation in column:</b> Installation in column		<b>Knobs control</b>
	<b>Air cooling system:</b> to ensure a safe surface temperatures.		<b>Defrost by time:</b> with this function the time of thawing of foods are determined automatically.
	<b>Defrost by weight:</b> With this function the defrosting time is determined		<b>Triple glazed doors:</b> Number of glazed doors.
	<b>Enamel interior:</b> The enamel interior of all Smeg ovens have a special antacid lining which helps keep the interior clean by reducing the amount of cooking grease adhering to it.		<b>Fingerprint proof stainless steel:</b> Fingerprint proof stainless steel keeps stainless steel looking as good as new.
	<b>Fan assisted base:</b> the mix of fan and lower heating element alone allows to finish cooking foods already cooked on the surface but not internally more quickly. This system is recommended to finish cooking foods that are already well cooked on the surface, but not internally, which therefore require a moderate higher heat. Ideal for any type of food.		<b>Fan with upper and lower elements:</b> The elements combined with the fan aim to provide more uniform heat, a similar method to conventional cooking, so pre-heat is required. Most suitable for items requiring slow cooking methods.
	<b>Upper and lower element only:</b> a traditional cooking method best suited for single items located in the centre of the oven. the top pf the oven will always be hottest. Ideal for roast, fruit cakes, bread etc.		<b>Lower heating element only:</b> This function is ideal for foods that require extra base temperature without browning, e.g. pastry dishes, pizza. Also suitable for slow cooking of stews and casseroles.
	<b>Circulaire:</b> The combination of the fan and circular element around it gives a hot air cooking method. This provides many benefits including no preheat if cook time is more than 20 minutes, no flavour transfer when cooking different foods at the same time, less energy, and shorter cook times. Good for all types of food.		<b>ECO:</b> The combination of the grill, fan and lower element is particularly suitable for cooking small quantities of food.

 Grill element: Using of grill gives excellent results when cooking meat of medium and small portions, especially when combined with a rotisserie (where possible). Also ideal for cooking sausages and bacon.

 Fan with grill element: The fan reduces the fierce heat from the grill, providing an excellent method of grilling various foods, chops, steaks, sausages etc. giving even browning and heat distribution, without drying out the food. The top two levels recommended for use, and the lower part of the oven can be used to keep items warm at the same time, an excellent facility when cooking a grilled breakfast. Half grill (centre portion only) is ideal for small quantities of food.

 All glass inner door: All glass inner door, a single flat surface which is simple to keep clean.

 Side lights: Two opposing side lights increase visibility inside the oven.

 Warming up: An option for dish warming and keeping the prepared meals hot.

 Sabbath: This function allows you to cook food whilst respecting the provisions of the Jewish day of rest.

 Soft close: all models are equipped with advanced function of smooth closing of the door, which allows the device to close smoothly and quietly.

 Electronic control: Allows you to maintain temperature inside the oven with the precision 2-3 ° C. This enables to cook meals that are very sensitive to temperature changes, such as cakes, souffles, puddings.

 Vapor Clean: a simple cleaning function using steam to loosen deposits in the oven cavity.

 With a simple and intuitive interface, the COMPACTscreen provides a pleasant user experience, thanks to the interaction with the knobs.

 Half grill: For rapid cooking and browning of foods. Best results can be obtained by using the top shelf for small items, the lower shelves for larger ones, such as chops or sausages. For half grill heat is generated only at the centre of the element, so is ideal for smaller quantities.

 Circulaire with upper and lower elements: The use of the fan with both elements allows food to be cooked quickly and effectively, ideal for large joints that require thorough cooking. It offers a similar result to rotisserie, moving the heat around the food, instead of moving the food itself, enabling any size or shape to be cooked.

 The inner door glass: can be removed with a few quick movements for cleaning.

 Automatic opening: some models have Automatic opening door when the cycle is finished which is a perfect solution for handle-less kitchen units as no handle is needed. For safety reasons, the door locks automatically when the machine is in use to avoid it being opened inadvertently.

 Air at 40°C provides the perfect environment for proving yeast type dough mixes. Simply select the function and place dough in the cavity for allotted

 The oven cavity has 5 different cooking levels.

 Telescopic rails: allow you to pull out the dish and check it without having to remove it from the oven entirely.

 Ultra rapid burners: Powerful ultra rapid burners offer up to 5kw of power.

 The capacity indicates the amount of usable space in the oven cavity in litres.
