## **Compatible Accessories**

BN620-1

Enamelled tray suitable for 45 cm and 60 cm ovens. Depth 20 mm. Perfect for a wide range of savoury and sweet

baking.

Teflon-coated tray, 8 mm depth, to be placed on the grid

#### **BN640**

Enamelled tray suitable for 45cm and 60cm ovens. Depth 540 mm. Perfect for cooking and roasting meat and fish in sauces. Also ideal for experimenting with lighter and crunchy side dishes

GC120

Cast iron grill plate suitable for A3/A4/A5 cookers

#### **KIT1A3-8**

Splashback, stainless steel, 120cm, suitable for Opera A3 cookers

#### **KIT3-6**

Height extension kit 2 lateral sides (950mm), stainless steel, for Opera cookers A2, A3, A4 (945-965mm)

#### PPR9

Refractary pizza stone without handles. Squared shaped stone: L64xH2,3xP37,5 cm Suitable also for gas ovens, to be put on the griddle.

#### SMOLD

Set of 7 silicone moulds for ice creams, ice lollies, pralines, ice cubes or to portion food. Usable from -60°C to +230°C

**KIT2A3-2** 

Coffee machine support

GRM

Plinth, 120 cm, only frontal, stainless steel suitable for A3 and A4 Opera cookers

## Pizza shovel with folding handle. Dimensions L31.5 x H32.5 cm. Easy and convenient to use and store. Perfect for

serving pizza, bread and savory pastries in a safe and professional way.

### SFLK1

Child lock

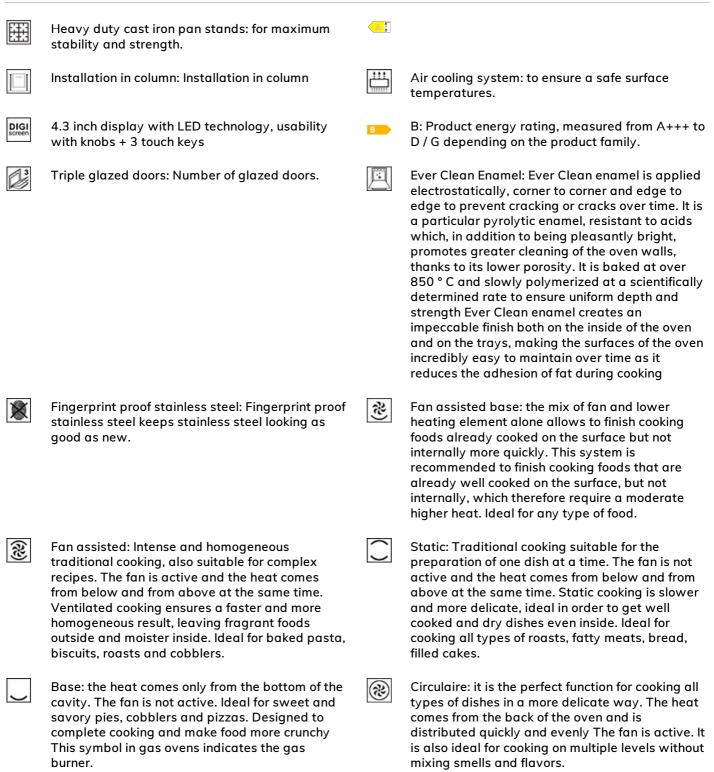

#### ТРКХ

Stainless steel teppanyaki plate, suitable for A1-9 Opera cooker

# .se•smeg

## Symbols glossary

| ECO           | ECO: low energy consumption cooking: this<br>function is particularly suitable for cooking on a<br>single shelf with low energy consumption. It is<br>recommended for all types of food except those<br>that can generate a lot of moisture (for example<br>vegetables). To achieve maximum energy<br>savings and reduce time, it is recommended to<br>put the food in the oven without preheating the<br>cooking compartment | <u>**</u> | Fan with grill element: The fan reduces the fierce<br>heat from the grill, providing an excellent method<br>of grilling various foods, chops, steaks, sausages<br>etc. giving even browning and heat distribution,<br>without drying out the food. The top two levels<br>recommended for use, and the lower part of the<br>oven can be used to keep items warm at the<br>same time, an excellent facility when cooking a<br>grilled breakfast. Half grill (centre portion only) is<br>ideal for small quantities of food. |
|---------------|---|-----------|---|
| ····          | Grill: Very intense heat coming only from above<br>from a double heating element. The fan is not<br>active. Provides excellent grilling and gratinating<br>results. Used at the end of cooking, it gives a<br>uniform browning to dishes.   | ***       | Half grill: For rapid cooking and browning of<br>foods. Best results can be obtained by using the<br>top shelf for small items, the lower shelves for<br>larger ones, such as chops or sausages. For half<br>grill heat is generated only at the centre of the<br>element, so is ideal for smaller quantities.  |
|               | Turbo: the heat comes from 3 directions: above,<br>below and from the back of the oven The fan is<br>active. It allows quick cooking, even on several<br>shelves without mixing the aromas. Ideal for<br>large volumes or foods that require intense<br>cooking.  |           | Automatic opening: some models have<br>Automatic opening door when the cycle is<br>finished which is a perfect solution for handle-less<br>kitchen units as no handle is needed. For safety<br>reasons, the door locks automatically when the<br>machine is in use to avoid it being opened<br>inadvertently.   |
| <b>∎</b> [: \ | Removable roof liner: This is a perfect solution<br>that protects the upper part of the cavity of the<br>oven from pollution. Easy to remove for cleaning,<br>it can be washed in the dishwasher.   | <u>.4</u> | The oven cavity has 4 different cooking levels.   |
|               | Electronic control: Allows you to maintain<br>temperature inside the oven with the precision 2-<br>3 ° C. This enables to cook meals that are very<br>sensitive to temperature changes, such as cakes,<br>souffles, puddings.   | UR        | Ultra rapid burners: Powerful ultra rapid burners<br>offer up to 5kw of power.  |
| 40 It         | The capacity indicates the amount of usable space in the oven cavity in litres.   | 77 It     | The capacity indicates the amount of usable space in the oven cavity in litres.   |
| Q             | Knobs control   |           |   |
|               |   |           |   |

## Benefit (TT)

#### Gas hob

Gas provides permanent control of the heat source and the temperature change is immediate

Equipped with a thermocouple, the gas supply is cut off if the flame is extinguished for greater safety.

#### **Ever Clean Enamel**

Easy oven cleaning thanks to special pyrolytic enamel

#### **Touch control**

Easy and intuitive timer setting with a single touch

#### Drawer storage compartment

More space thanks to the lower drawer compartment, ideal for storing accessories or cooking utensils

#### **True-convection**

The best cooking performances guaranteed by ventilated circular flow

Multiple fans and heating elements guarantee the perfect aerodynamic heat flow, allowing homogeneous and quicker cooking inside the cavity.

#### Multilevel cooking

Several cooking levels allow maximum flexibility of use

#### **Tangential cooling**

New cooling system with tangential fan and airflow from the door to the splashback

#### Adjustable height

Cooker top flushed with the working area thanks to adjustable feet

#### AirFry (AIRFRY optional accessory)

Lighter and tastier food thanks to airfry basket (optional accessory)

#### Cold door

During any function, the external door glass is cold, avoiding any risk of burns

#### Pizza stone (optional accessory)

Baking with refractory stone for soft and crispy pizza and yeast products (STONE optional accessory)

#### **BBQ** (optional accessory)

Barbecue cooking directly in the oven with the double-sided grill (BBQ optional accessory)

#### Isothermic Cavity

The best cooking performance at the highest energy efficiency

#### Single turbine

The oven has a fan equipped with a circular heating element allowing cooking with rotating heat
