

ALFA43XUK

Product Family	Ovens
Subfamily	Convection oven 4 trays 435x320 mm
Power supply	Electric
Oven type	Convection oven
Oven controls	Mechanical
Tray capacity	4 trays 435x320 mm
Default power supply	230 V~ / 12 A / 2,75 kW / 50 Hz
App for recipe development and upload	Not available
Maximum depth with open door	993 mm
Adjustable feet	Yes
Net weight (kg)	32.500 kg
Product dimensions WxDxH	602x580x537 mm
EAN code	8017709236755

Target

Potential users	Bars/Cafes; Hotels; Restaurants/Catering; Bakery/Pastry making; Industrial pastry & bakery test kitchen; Butcher's shops; QSR
------------------------	--

Aesthetics

Colour	Stainless steel	Front panel	Yes
Door with stainless steel strip	Yes	Logo	Smeg printed

Controls

Adjustable timer	1-60 minutes + continuous

Benefit

Mechanical control panel

Ease of use and effortless control of the essential cooking parameters

The control panel, equipped with practical knobs, allows for simple, intuitive, and effortless management of the main functions. Using the buttons, you can adjust the cooking time, temperature, and, in selected models, the level of humidification. By turning the knob to position 1, steam will be delivered until it is released.

In multifunction ovens with a mechanical control panel, there is also a dedicated button for selecting different oven functions based on the desired cooking mode.

Clip-open

Easily accessible glass for effortless maintenance and cleaning

The glass panels are designed to be easily accessible and inspectable, ensuring great convenience during cleaning and maintenance operations. This feature significantly simplifies the process, making it quick and efficient, while ensuring that every intervention can be carried out with maximum comfort and complete safety.
