

CB2485U

Product Family	Refrigerator
Installation	Built-in
Category	Bottom Mount
Cooling type	Fan assisted refrigerator, no-frost freezer
Defrost	Automatic
Hinge type	Door on door
Hinge position	Right
Reversible door	Yes
EAN code	8017709306045

Aesthetics

Material	Stainless steel	Color of glass shelf profile	Silver
Side material	Steel	Display	LED
Logo	Silk screen	Display position	Interno (sul Top)
Door shelves profile color	Silver

Symbols glossary

	4 stars freezing compartment for better food preservation.		The automatic defrost system works by automatically defrosting at regular intervals eliminating the need to defrost altogether.
	LED display: to show programmes, functions and options selected and the time to the end of the cycle.		Economical mode: Analyzes fridge functioning during the activation and optimizes the operating cycle in order to reduce power consumption.
	Ventilated: Forced distribution of cold air in the refrigerator compartment, which allows even temperature distribution within the fridge.		Fast freezing: The fast freezing function brings the temperature of the compartment down when activated a few hours prior to usage.
	Power saving mode: The power saving mode allows you to disable the refrigerator and keep the freezer working.		LED interior lighting: is a more energy efficient and long lasting way of illuminating the interior of the appliance.
	Built-in niche		No Frost: The No Frost and Frost free systems prevent ice from forming so that no defrosting is required.
	Multiflow Cooling System: the Multiflow ventilation system allows an even distribution of cool air around the fridge cabinet. The stainless steel panel gives a more premium look to the appliance.
