

CB300U

Product family	Refrigerator
Installation	Built-in
Category	Bottom mount
No-frost system	Total
Cooling type	Fan-assisted refrigerator, no-frost freezer
Defrost	Automatic
Hinge	Door-to-door
Hinge position	Right
Reversible door	Yes
EAN code	8017709200336

Aesthetic

Finishing	Panel-ready	Glass shelf profile color	White
Material	Steel	Display	LED
Side material	Steel	Display position	Internal
Logo	Silkscreened		

Refrigerator compartment features

No. of adjustable shelves	3	Crisper cover	Yes

Electrical Connection

Plug (A) USA & Mexico
Electrical connection 170 W
rating
Current 2.1 A

Voltage (V) 120 V
Frequency (Hz) 60 Hz

Symbols glossary (TT)

	The automatic defrost system works by automatically defrosting at regular intervals eliminating the need to defrost altogether.		Antibacterial treatment: antibacterial treatment to ensure better hygiene
	Child lock: some models are fitted with a device to lock the programme/cycle so it cannot be accidentally changed.		LED display: to show programmes, functions and options selected and the time to the end of the cycle.
	Ventilated: Forced distribution of cold air in the refrigerator compartment, which allows even temperature distribution within the fridge.		Fast freezing: The fast freezing function brings the temperature of the compartment down when activated a few hours prior to usage.
	Power saving mode: The power saving mode allows you to disable the refrigerator and keep the freezer working.		LED interior lighting: is a more energy efficient and long lasting way of illuminating the interior of the appliance.
	No Frost: The No Frost and Frost free systems prevent ice from forming so that no defrosting is required.
