

# **CB300UI**

**Product Family** Refrigerator Installation Built-in Category **Bottom Mount** 

Cooling type Fan assisted refrigerator, no-frost

Yes

freezer

**Defrost** Automatic Hinge type Door on door Hinge position Right

EAN code 8017709246884

#### **Aesthetics**

Reversible door

**Finishing** Panel-ready Color of glass shelf White profile Material Stainless steel

Display **LED** Side material Steel

Display porition Interno (sul Top) Logo Silk screen

## Refrigerator compartment features

Number of 2 Type of adjustable Glass

compartments shelves **Compartment types** Low temperature Crisper Cover Yes

compartment, Fruit and Low temperature Yes vegetable compartment compartment

No. of adjustable 3 Type of internal light LED shelves

(fridge)

Number of fruit and 1

### **Refrigerator Inner Door**

vegetables drawers

No. of bottle shelves No. of door shelves with 1 transparent cover Bottle shelves with wire Yes

Number of adjustable support door shelves

**SMEG SPA** 2025-10-09

### Other Refrigerator features

\*

Accessories Antibacterial odour Yes

Fan Yes filter

Freezer compartment features

Number of drawers 2 No. of shelves 1

Other Freezer features

Accessories 1 ice box

Ice maker Automatic compartment
Ice tray shelf Yes

Fast freezing

Yes

120 V

.....

Other technical features

8 X De

Functions display Holiday, Fast freezing, Fast cooling, ECO

Fast freezing button Yes
Water network connection Yes
Power on lamp Yes
Temperature alarm lamp Yes
Door open alarm Yes

Type of temperature control Electro-mechanical

No. of compressors 1
Refrigerant gas type R600a
Foam agent Cyclopentane

Performance / Energy Label - Reg. 2019

Airborne acoustical 39 dB(A) re 1 pW

noise emissions

**Electrical Connection** 

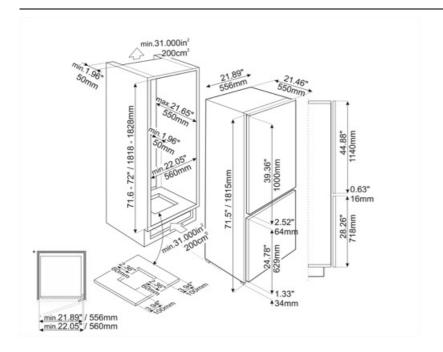

Plug (B) NEMA 5-15P Voltage (V)

Electrical connection 170 W Frequency (Hz) 60 Hz rating Power supply cable 84 5/8 "

Current 2,1 A length

#### Symbols glossary

4 stars freezing compartment for better food preservation.

The automatic defrost system works by automatically defrosting at regular intervals eliminating the need to defrost altogether.

LED display: to show programmes, functions and options selected and the time to the end of the cycle.

Economical mode: Analyzes fridge functioning during the activation and optimizes the operating cycle in order to reduce power consumption.

Ventilated: Forced distribution of cold air in the refrigerator compartment, which allows even temperature distribution within the fridge.

Fast freezing: The fast freezing function brings the temperature of the compartment down when activated a few hours prior to usage.

Power saving mode: The power saving mode allows you to disable the refrigerator and keep the freezer working.

LED interior lighting: is a more energy efficient and long lasting way of illuminating the interior of the appliance.

Smeg's evolution towards more intelligent and eco-friendly models has led to the choice of Inverter technology, which significantly reduces consumption.

Built-in niche

No Frost: The No Frost and Frost free systems prevent ice from forming so that no defrosting is required.
