Cyclopentane

Performance / Energy Label

Noise level 39 dB(A) re 1 pW

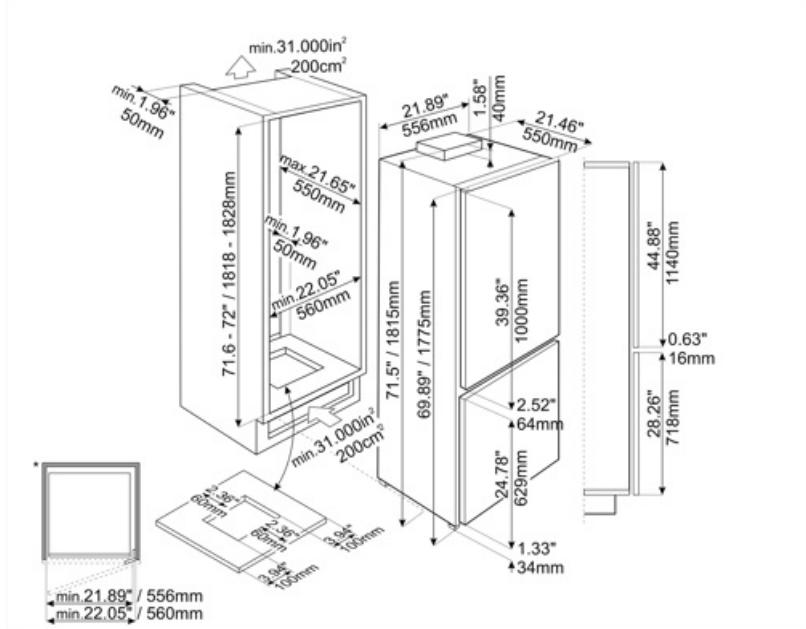

Electrical Connection

Electrical connection rating	170 W	Frequency (Hz)	60 Hz
Current	2,1 A	Power cord length	84 5/8 "
Voltage (V)	120 V	Plug	(B) NEMA 5-15P

Logistic Information

Width 21 7/8 "
Depth without handle 21 7/16 "

Height 71 7/16 "

Symbols glossary

	4 stars freezing compartment for better food preservation.		The automatic defrost system works by automatically defrosting at regular intervals eliminating the need to defrost altogether.
	LED display: to show programmes, functions and options selected and the time to the end of the cycle.		Economical mode: Analyzes fridge functioning during the activation and optimizes the operating cycle in order to reduce power consumption.
	Ventilated: Forced distribution of cold air in the refrigerator compartment, which allows even temperature distribution within the fridge.		Fast freezing: The fast freezing function brings the temperature of the compartment down when activated a few hours prior to usage.
	Power saving mode: The power saving mode allows you to disable the refrigerator and keep the freezer working.		LED interior lighting: is a more energy efficient and long lasting way of illuminating the interior of the appliance.
	Inverter technology: The evolution of Smeg's dryers towards more intelligent and environmentally sustainable models has led to the choice of using Inverter technology with heat pumps, which reduces significantly energy consumption.		Built-in niche
	No Frost: The No Frost and Frost free systems prevent ice from forming so that no defrosting is required.
