Symbols glossary

Standard installation: Traditional installation in tabletop, suitable for any kitchen sets

Heavy duty cast iron pan stands: for maximum stability and strength.

Ultra rapid burners: Powerful ultra rapid burners offer up to 5kw of power.

Knobs control

Benefit (TT)

Gas hobs

Consistent heat source control and easy, immediate temperature adjustment

Equipped with a thermocouple, the gas supply is cut off if the flame is extinguished for greater safety.

Inox

Maximum resistance even at high temperatures: the stainless steel surface ensures durability and deformation resistance, withstanding thermal shocks without damage

Cast iron

Solid and sturdy, easy to clean and maintain every day, thanks to the cast-iron pan supports—an emblem of long-lasting efficiency and durability.

Smeg Contemporanea

Optimal cooking with every dish: burners combine high performance, efficiency, and practicality, ensuring precise, even results even with intensive use.

Accurate power adjustment via knobs, for more precise cooking level control

Control knob position lateral

Greater safety: side knob placement makes them hard to reach for children, reducing the risk of accidental ignition.

5 powerful burners for a dynamic kitchen: offer ample space and flexibility to cook multiple dishes at once, simplifying meal prep and improving the cooking experience.

Gas safety valves

Automatic protection against gas leaks: the thermocouple stops gas flow in the absence of flame, ensuring a safe environment even during unexpected shutdowns.
