

CURAFORNO

Matching family	Ovens, Hobs, BBQ
Type	Detergents
Quantity	1
Content (ml)	500 ml

Spray the product on the oven's surface while it is cold. Allow the product to act for a few minutes. Use a non-abrasive sponge to remove the product from the surface. Finally, rinse the surface thoroughly to remove any residue. Do not use the product on self-cleaning ovens, microwaves, or aluminum surfaces.
