## Benefit (TT)

---

### **Reversible door**

Reversible door for easy and versatile installation in any kitchen

### **E MOTION Electronic Opening System**

The innovative E MOTION Electronic Opening System allows convenient opening with a simple touch of the door

A simple touch is enough to unlock the door, which will open slightly thanks to the E MOTION electronic system. To complete the opening, simply accompany the door with your hand. If opening the wine cooler is no longer necessary, the door will close automatically.

### **UV-protected door glass**

The UV-protected door glass protects the bottles from the passage of light into the wine cooler for impeccable storage

### **Display Shelf**

The repositionable display shelf ensures that the best bottles are always in view, with the possibility of displaying magnum bottles as well

### **LED lights**

LED lights ensure perfect multi-level visibility inside the wine cooler. Thanks to the E MOTION Electronic Opening System, a simple touch of the door activates the lighting

### **Activated charcoal air filter**

The activated charcoal air filter ensures excellent quality of the air and is easy to maintain

### **Touch Display**

Touch display for an easy and accurate temperature management inside the refrigerated compartment

### **Low-vibration compressor**

The low-vibration compressor avoids exposing the bottles to prolonged vibrations, which could compromise the quality of the wine

### **Telescopic guides**

Telescopic sliding guides for easy extraction of wine bottles
