Symbols glossary

A+: Energy efficiency class A+ helps to save up to 10% energy compared to class A. Maximum performance with minimum consumption is guaranteed.

The automatic defrost system works by automatically defrosting at regular intervals eliminating the need to defrost altogether.

LED display: to show programmes, functions and options selected and the time to the end of the cycle.

Ventilated: Forced distribution of cold air in the refrigerator compartment, which allows even temperature distribution within the fridge.

LED interior lighting: is a more energy efficient and long lasting way of illuminating the interior of the appliance.

Built-in niche

Touch controls: Easy to use touch controls allow the appliance to be programmed at the touch of a button.

Energy efficiency class F

E MOTION opening system: the E MOTION electronic system allows to open the appliance semi-automatically by applying pressure on the door surface.
