Symbols glossary

The automatic defrost system works by automatically defrosting at regular intervals eliminating the need to defrost altogether.

A: Product drying performance, measured from A+++ to D / G depending on the product family

Energy efficiency class G

LED display: to show programmes, functions and options selected and the time to the end of the cycle.

Ventilated: Forced distribution of cold air in the refrigerator compartment, which allows even temperature distribution within the fridge.

Fingerprint proof stainless steel: Fingerprint proof stainless steel keeps stainless steel looking as good as new.

LED interior lighting: is a more energy efficient and long lasting way of illuminating the interior of the appliance.

Built-in niche

Touch controls: Easy to use touch controls allow the appliance to be programmed at the touch of a button.
