Symbols glossary

The automatic defrost system works by automatically defrosting at regular intervals eliminating the need to defrost altogether.

LED display: to show programmes, functions and options selected and the time to the end of the cycle.

LED interior lighting: is a more energy efficient and long lasting way of illuminating the interior of the appliance.

Touch controls: Easy to use touch controls allow the appliance to be programmed at the touch of a button.

E MOTION opening system: the E MOTION electronic system allows to open the appliance semi-automatically by applying pressure on the door surface.

A+: Energy efficiency class A+ helps to save up to 10% energy compared to class A. Maximum performance with minimum consumption is guaranteed.

Ventilated: Forced distribution of cold air in the refrigerator compartment, which allows even temperature distribution within the fridge.

Built-in niche

Energy efficiency class F

Benefit (TT)

Reversible door

Reversible door for easy and versatile installation in any kitchen

E MOTION Electronic Opening System

The innovative E MOTION Electronic Opening System allows convenient opening with a simple touch of the door

A simple touch is enough to unlock the door, which will open slightly thanks to the E MOTION electronic system. To complete the opening, simply accompany the door with your hand. If opening the ine cooler is no longer necessary, the door will close automatically.

UV-protected door glass

The UV-protected door glass protects the bottles from the passage of light into the wine cooler for impeccable storage

LED lights

LED lights ensure perfect multi-level visibility inside the wine cooler. Thanks to the E MOTION Electronic Openyng System, a simple touch of the door activates the lighting

Activated charcoal air filter

The activated charcoal air filter ensures excellent quality of the air and is easy to maintain

Touch Display

Touch display for an easy and accurate temperature management inside the refrigerated compartment

Low-vibration compressor

The low-vibration compressor avoids exposing the bottles to prolonged vibrations, which could compromise the quality of the wine

Telescopic guides

Telescopic sliding guides for easy extraction of wine bottles
