## Symbols glossary

Energy efficiency class G

LED display: to show programmes, functions and options selected and the time to the end of the cycle.

LED interior lighting: is a more energy efficient and long lasting way of illuminating the interior of the appliance.

The automatic defrost system works by automatically defrosting at regular intervals eliminating the need to defrost altogether.

Ventilated: Forced distribution of cold air in the refrigerator compartment, which allows even temperature distribution within the fridge.

Touch controls: Easy to use touch controls allow the appliance to be programmed at the touch of a button.

## Benefit (TT)

---

### **Reversible door**

Reversible door for easy and versatile installation in any kitchen

### **Push-pull opening system**

Push-pull opening system for easy opening and closing when needed, with the simple pressure of the surface at the end of the door
