

DI362DQ

Product Family

Width	60 cm
Commercial height	82 cm
Installation	Fully-integrated built-in
Kitchen panel	Not supplied
Nº baskets	3, Flexi
Motor	Inverter 2.0
EAN code	8017709343590

Programmes

No. of programmes	8	ECO	Yes
Washing temperatures	50, 60 °C	Mix	Yes
Soak	Yes	Self clean	Yes
Full express - 60 minutes	Yes	Intense 60°	Yes
Express 50°	Yes	Auto 50°-60°	Yes

Options

Delay timer option	Up to 24 hours, with automatic soak	Crystal option	Yes
Extreme option	Yes	Sterilise option	Yes

Baskets

Basket colour	Grey	Largest loadable dish in upper basket	19,0 cm
Basket components colour	Grey	Lower Basket	With 2 foldable racks
Handle	In plastic on upper and lower basket	Largest loadable dish in lower basket	31,0 cm
Upper Basket	With central fixed racks	Colour Inner Components	Blue
Height adjustment of the upper basket	On two levels (4 cm)		

Technical Features

Width (mm)	596 mm	Water supply	Single; cold/hot water max.
Depth (mm)	550 mm		60°C - energysave with hot water up to 35%
Display type	3 digit	Max water hardness	90°fH; 50°dH
Product Height (mm)	818 mm	Drying system	Natural condenser drying, with Dry Assist + automatic door opening system at the end of the cycle
Controls	Electronic		
Display	Delayed start, Programme time indicator, Time to end indication	Steam protection	In plastic
Programme graphics	Symbols	Tank material	Stainless steel
On/off indicator	Yes	Filter	Stainless steel
Salt light indicator	Light	Concealed heating element	Yes
Rinse aid indicator	Light	Hinges	Self balancing, Sliding, FLEXIFIT
End of cycle indicator	On display, with acoustic signal	Min. and max. frontal panel weight	2 - 10 kg
Washing system	Standard	Min. and max plinth height	40 - 175 mm
Water softener	With electronic setting	Adjustable feet	8cm, from 820 to 900mm
Turbidity sensor	Yes	Additional gaskets	Yes
Aquatest		Back cover	Yes
Flood protection system	Total Acquastop	Depth of dishwasher with open door (mm)	1230 mm
		Back feet adjustable from front	Yes

Performance / Energy Label

Energy Efficiency Class (Washing cycle)	D	Programme duration	4:00 h:min
Energy consumption [per 100 cycles, based on the eco programme]	85 kWh	Airborne acoustical noise emissions (spinning phase)	46 dB(A) re 1 pW
Rated capacity (ps)	14	Airborne acoustical noise emission class	C
Water consumption [per cycle]	10,5 litres	Energy efficiency Index (EEI) (Washing cycle)	49,9

Electrical Connection

Connected power	1800 W	Type of connection	Single-phase
Current	10 A	Power supply cable length	140 cm
Voltage	220-240 V	Plug	(G) UK e Singapore
Frequency (Hz)	50 Hz		

Symbols glossary

	Aquatest measures the clarity of the water during an auto program, and automatically ensures the minimum consumption of water and energy.		Energy efficiency class D
	COMM_HEIGHT_82_72dpi		Delay Timer: The delay timer can postpone the start of the program by up to 24 hours.
	Option which improves the washing results of the selected programme. It increases the wash temperature and duration.		Models with new Flexi Fit hinges are able to be installed in kitchens with a plinth of just 5cms. With this new hinge design, the panel has a sliding movement from the bottom to the top, avoiding any possible interference of the panel with the plinth.
	Noise Level: Excellent insulation and special devices keep noise to a minimum.		Eco: Eco, this economic wash programme uses a low amount of water and energy in order to provide the most environmentally friendly cleaning option.
	Normal programme: The normal programme is suitable for normal degrees of dirt for everyday use.		Soak programme: The soak programme provides a rinse to prevent dirt from drying.
	...		...
	The symbols show the number of plate settings of the dishwasher.		Total Acquastop: In addition to the partial Acquastop protection present in all Smeg dishwashers, some models have an electronic device fitted to the water intake hose, which monitors water levels in the machine, detects leaks in the hose and switches off the water supply immediately when necessary.
	System WaterSave ensures the best washing results with minimal water consumption depending on the model of dishwasher.		...
	Wash cycle for normally soiled mixed loads such as dishes and pans, even with dried-on residues. When this program is selected, the dishwasher recognises the type of dirt and automatically adjusts the washing parameters as appropriate.		This option provides special care for a delicate load. It prevents rapid changes in the wash temperature of the selected programme and reduces it to 4
	Programme suitable for washing and drying heavily soiled items with encrusted residues.		Option which provides better cleaning results by keeping the temperature between 65 and 70°C for at least 10 minutes during the last rinsing phase.
	The work aimed at continuous improvement has allowed the creation of the second generation of the Inverter motor 2.0, characterised by greater efficiency and durability over time, which allows very high performance and a lower energy consumption and noise level.
