Symbols glossary

| | |
|--|---|
|  <p>Easy Iron: this is an option which can be selected to ensure the finished laundry is left with less creases to make ironing easier.</p> |  <p>Child lock: some models are fitted with a device to lock the programme/cycle so it cannot be accidentally changed.</p> |
|  <p>A++: Energy efficiency class A++ helps to save up to 20% energy compared to class A. Maximum performance with minimum consumption is guaranteed.</p> |  <p>Delay timer: can be set to run the programme at a convenient time or to take advantage of off-peak energy periods.</p> |
|  <p>LED display: to show programmes, functions and options selected and the time to the end of the cycle.</p> |  <p>40 cm: Large loading hatch of 40 cm in diameter, makes laundry loading and unloading easier and faster with maximum ease of use.</p> |
|  <p>Humidity sensor: allows to adjust dryer to obtain the desired drying level (Iron dry, Cupboard dry and Extra dry), saving time and reducing energy consumption. In addition, manual adjusting allows you to program drying time according to your preferences.</p> |  <p>End: Show the stage at which the program is in progress: the program has finished.</p> |
|  <p>Internal lights: help to illuminate the inside of the drum.</p> |  <p>Noise Level: Excellent insulation and special devices keep noise to a minimum.</p> |
|  <p>Cotton, linen and colored fabrics that do not fade</p> |  <p>Use to wash your normally soiled, durable cotton and linen laundry. Although it washes longer than all other programmes, it provides high energy and water savings. Actual water temperature may be different from the stated wash temperature. When you load the machine with less laundry (e.g. ½ capacity or less), programme time may automatically get shorter. In this case, energy and water consumption will decrease more, providing a more economic wash. This programme is available in the models with the remaining time indicator.</p> |
|  <p>Program for drying cotton items including sheets, pillow cases, pajamas, lingerie, tablecloths, etc</p> |  <p>For fiber duvets indicating suitability on the label</p> |
|  <p>For high speed centrifuged jeans</p> |  <p>For synthetic fabrics without pigments and for cotton</p> |
|  <p>Short ventilation for cotton and linen garments without blowing hot air</p> |  <p>Gentle drying for shirts avoiding the formation of folds</p> |
|  <p>Selection of timed cycles at low temperatures</p> |  <p>Super fast: a programme designed to wash small amounts of laundry fast, ideal for washing lightly soiled garments.</p> |
|  <p>Shirts: a cycle to wash shirts in a short time with the utmost care, using a delicate spin for easy ironing.</p> |  <p>Steam Option: the steam is perfect for smoothing out creases, refreshing fabrics, neutralizing odors and releasing dirt, destroying allergens more quickly than by washing the item in water.</p> |

Shows the phase of program: Shows the phase in which the program is being.

Special program for garments / fabrics, such as children's clothes, which require sanitized and delicate washing.

Program dedicated to drying thick cotton laundry, such as towels, bathrobes, etc.

This programme is suitable for outdoor clothing, waterproof jackets, jackets with inner insulation, etc. Thanks to the delicate temperature and the delicate movement of the drum, it treats the garments better to protect the external fabrics.

Program for delicately treating garments in synthetic or mixed fabrics, such as t-shirts and blouses.
