DRC07EE

EAN Code	8017709360122
Product Family	Tumble dryer
Commercial width	60 cm
Commercial depth	Slim (46 cm)
Installation	Free-standing
Drying system	Heat pump condenser
Load type	Frontal

Aesthetics

Colour	White	**Front panel type**	
Front panel colour	White	**Door colour**	White with Silver ring
LED/display colour	White	**Door handle color**	White
Function buttons colour	Black	**Cabinet colour**	White
Control knob colour	White / Silver

Technical Features

Type of motor	Standard	**Transparent door**	Yes
Functioning	Electronic control	**Door size**	40 cm
Humidity sensor	Yes	**Max. door opening angle**	155 °
Time drying selection	From 10 to 160 min	**Door hinges**	Right
Cooling down phase	Yes	**Child lock (programme set lock)**	Yes
Anti-iron phase	Yes		
Alternate drum rotation	Yes	**Water condenser position**	At the top
Combined filter	Yes	**Heating pump system**	Yes
Fluff filter	Yes	**Type of cooling gas**	R290
Drum material	Stainless steel	**Amount of cooling gas in kg**	0.115
Drum volume	92,5 l	**Condenser water drain hose**	Yes
		Column installation, with compatible washing-machine	With stacking kit, available as optional accessory

Performance / Energy label – Reg 2023

Load capacity (cotton)	7 kg	**Energy efficiency class**	E
Noise level for the standard cotton programme at full load	64 dB(A) re 1 pW	**Weighted energy consumption in kWh per drying cycle**	1,33
		Acoustic airborne noise emission class	B

Time of the standard cotton program at full load	189 min	**Condensation efficiency class**	C
		Condensation efficiency	82 %
Time of the standard cotton program at partial load	110 min		
Type	Condensing		

Electrical Connection

Connected power	900 W	**Frequency (Hz)**	50 Hz
Current	10 A	**Power supply cable length**	150 cm
Voltage (V)	230-240 V	**Plug**	(F;E) Schuko

Logistic Information

Width (mm)	598 mm	**Product Height (mm)**	846 mm
Depth (mm)	546 mm

Symbols glossary

Easy Iron: this is an option which can be selected to ensure the finished laundry is left with less creases to make ironing easier.

Child lock: some models are fitted with a device to lock the programme/cycle so it cannot be accidentally changed.

Energy efficiency class E

Delay timer: can be set to run the programme at a convenient time or to take advantage of off-peak energy periods.

LED display: to show programmes, functions and options selected and the time to the end of the cycle.

40 cm: Large loading hatch of 40 cm in diameter, makes laundry loading and unloading easier and faster with maximum ease of use.

This shows the amount of laundry that can be inserted into the tumble dryer in KG.

Humidity sensor: allows to adjust dryer to obtain the desired drying level (Iron dry, Cupboard dry and Extra dry), saving time and reducing energy consumption. In addition, manual adjusting allows you to program drying time according to your preferences.

End: Show the stage at which the program is in progress: the program has finished.

Noise Level: Excellent insulation and special devices keep noise to a minimum.

Eco 40-60: reference programme defined by EU regulations for measuring the energy performance of washing machines. Ideal for normally soiled cotton garments washable at 40 °C or 60 °C, it provides an excellent balance between cleaning performance and savings, although it requires a longer washing time.

Program for drying cotton items including sheets, pillow cases, pajamas, lingerie, tablecloths, etc

Specific for daily drying of cotton or synthetic garments

For fiber duvets indicating suitability on the label

Special program for garments / fabrics, such as children's clothes, which require sanitized and delicate washing.

For high speed centrifuged jeans

For synthetic fabrics without pigments and for cotton

This programme is suitable for outdoor clothing, waterproof jackets, jackets with inner insulation, etc. Thanks to the delicate temperature and the delicate movement of the drum, it treats the garments better to protect the external fabrics.

Gentle drying for shirts avoiding the formation of folds

Program for delicately treating garments in synthetic or mixed fabrics, such as t-shirts and blouses.

Selection of timed cycles at low temperatures.

Super fast: a programme designed to wash small amounts of laundry fast, ideal for washing lightly soiled garments.

Sport: programme designed to quickly wash sports and technical clothing, which undergo frequent washes, ensuring optimal hygiene and protection of the fibres.

Shows the phase of program: Shows the phase in which the program is being.

Program dedicated to drying thick cotton laundry, such as towels, bathrobes, etc.
