Symbols glossary

 A small icon showing a square with four stars inside, representing a high-quality freezing compartment.	4 stars freezing compartment for better food preservation.	 A small icon showing a snowflake inside a square, representing an automatic defrost system.	The automatic defrost system works by automatically defrosting at regular intervals eliminating the need to defrost altogether.	
 A small icon showing a green arrow pointing left and the letters "C", "A", and "G" stacked vertically, representing energy efficiency classes.	Energy efficiency class C	 A small icon showing a snowflake inside a circle, representing a ventilated refrigerator compartment.	Ventilated: Forced distribution of cold air in the refrigerator compartment, which allows even temperature distribution within the fridge.	
 A small icon showing a sun-like shape with the word "LED" inside, representing LED interior lighting.	LED interior lighting: is a more energy efficient and long lasting way of illuminating the interior of the appliance.	 A small icon showing a circle with a double-headed arrow inside, representing inverter technology.	Inverter technology: The evolution of Smeg's driers towards more intelligent and environmentally sustainable models has led to the choice of using Inverter technology with heat pumps, which reduces significantly energy consumption.	
 A small icon showing a circle with a wavy line inside, representing air circulation or air plus technology.	Air plus: keeps food fresher for longer.
