Symbols glossary

 A small icon of a square with four stars inside, representing a four-star freezing compartment.	4 stars freezing compartment for better food preservation.	 A small icon of a square with a snowflake inside, representing an automatic defrost system.	The automatic defrost system works by automatically defrosting at regular intervals eliminating the need to defrost altogether.
 A small icon of a square with a green arrow pointing left and the letters "C", "A", and "G" stacked vertically, representing energy efficiency class C.	Energy efficiency class C	 A small icon of a square with a snowflake inside, representing a ventilated refrigerator compartment.	Ventilated: Forced distribution of cold air in the refrigerator compartment, which allows even temperature distribution within the fridge.
 A small icon of a square with a sunburst-like pattern and the letters "LED" inside, representing LED interior lighting.	LED interior lighting: is a more energy efficient and long lasting way of illuminating the interior of the appliance.	 A small icon of a square with a circular arrow and the word "INVERTER" inside, representing inverter technology.	Smeg's evolution towards more intelligent and eco-friendly models has led to the choice of Inverter technology, which significantly reduces consumption.
 A small icon of a square with a circular arrow and a wavy line inside, representing the Multiflow Cooling System.	Multiflow Cooling System: the Multiflow ventilation system allows an even distribution of cool air around the fridge cabinet.
