Symbols glossary

4 stars freezing compartment for better food preservation.

Ventilated: Forced distribution of cold air in the refrigerator compartment, which allows even temperature distribution within the fridge.

Inverter technology: The evolution of Smeg's driers towards more intelligent and environmentally sustainable models has led to the choice of using Inverter technology with heat pumps, which reduces significantly energy consumption.

The automatic defrost system works by automatically defrosting at regular intervals eliminating the need to defrost altogether.

LED interior lighting: is a more energy efficient and long lasting way of illuminating the interior of the appliance.

Air plus: keeps food fresher for longer.
