

# FAB28URDUN3

|                  |  |
|------------------|--|
| Product Family   | Refrigerator                                   |
| Installation     | Free standing                                  |
| Category         | One Door                                       |
| Reference width  | Until 60                                       |
| Reference height | 100 - 160                                      |
| Defrost          | Automatic for refrigerator, manual for freezer |
| Hinge position   | Right  |
| EAN code         | 8017709310561                                  |

## Aesthetics

|                             |                     |                              |         |
|-----------------------------|---------------------|------------------------------|---------|
| Aesthetic                   | 50's Style          | Side colour                  | Red     |
| Colour                      | Decorated / Special | Logo                         | Applied |
| Finishing                   | Glossy              | Door shelves profile color   | Chrome  |
| Decoration / Special colour | Coca Cola Unity     | Drawers profile color        | Chrome  |
| Collaborations              | Smeg & Coca Cola    | Color of glass shelf profile | Chrome  |

## Refrigerator compartment features

|   |                  |   |            |
|---|------------------|---|------------|
| No. of adjustable shelves               | 3                | Bottle shelf                            | Yes        |
| Number of fruit and vegetables drawers  | 1                | Type of crisper/vegetable drawers cover | Glass      |
| Type of adjustable shelves              | Glass            | Life Plus zone-0°C                      | -2°C +3 °C |
| Type of crisper/vegetable drawers cover | On sliding rails | Type of internal light (fridge)         | LED        |
| Crisper Cover                           | Yes              |   |            |

## Refrigerator Inner Door

|  |   |                                  |     |
|--|---|----------------------------------|-----|
| No. of door shelves with transparent cover | 2 | No. of bottle shelves            | 1   |
| Number of adjustable door shelves          | 2 | Bottle shelves with wire support | Yes |

## Symbols glossary

4 stars freezing compartment for better food preservation.

The automatic defrost system works by automatically defrosting at regular intervals eliminating the need to defrost altogether.

Antibacterial treatment: antibacterial treatment to ensure better hygiene

A+++: Appliances with this symbol can reduce energy consumption by a further 30% from the standard A energy rating.

LED interior lighting: is a more energy efficient and long lasting way of illuminating the interior of the appliance.

Life Plus 0°C: The temperature in the Lifeplus compartments is kept at 0°C, which preserves fresh meat and fish longer.

Smeg's evolution towards more intelligent and eco-friendly models has led to the choice of Inverter technology, which significantly reduces consumption.

---

## Benefit (TT)

---

### **Refrigerant gas R600a**

Environmentally friendly R600a refrigerant gas contributes to rapid cooling with lower energy consumption

### **Climate class**

Climatic class SN-T makes the appliance suitable for working at room temperature between 10 °C and 43 °C (50 °F ~ 109 °F)

### **External handle**

The external handle ensures practicality and ease of use of the refrigerator

### **Refrigerator Internal lighting**

Interior lighting for perfect visibility of shelves in the refrigerator compartment

### **Fruit and vegetable drawer**

The fruit and vegetable drawer ensures the best storage conditions for fresh food, avoiding any contamination

### **Inverter compressor**

Inverter compressor reduces noise and vibration levels for a quiet and comfortable kitchen environment

Inverter compressor technology offers significant advantages for refrigeration systems, improving both performance and efficiency. Better temperature control ensures a more stable and constant indoor environment, preserving the freshness of food. This technology also results in reduced energy consumption, as the compressor adjusts its speed according to cooling needs.
