

FAB30RRD3

Product Family Refrigerator Installation Free Standing Category Top Mount

Cooling type Fan assisted refrigerator, static

freezer **Defrost** Manual Standard Hinge type Hinge position Right

EAN code 8017709273262

Aesthetics

Side material **Aesthetics** 50's Style Steel Colour Red Side colour Red **Finishing** Gloss Logo Applied Design Rounded Door shelves profile Chrome colour Material Heat-moulded Chrome

Drawers profile colour Handle External Colour of glass shelf Handle type Fixed

profile Handle colour Chrome

Display position Logo colour Chrome Colori disponibili

Orange, Pastel blue, White, Blue, Black, Cream, Pink, Red, Silver, Pastel green, Lime green

R600a

Variable Speed Compressor

Cyclopentane

Performance / Energy Label

Noise level 37 dB(A) re 1 pW

Climatic class

SN, N, ST, T

Electrical Connection

Plug

(F;E) Schuko

Current

Nominal power

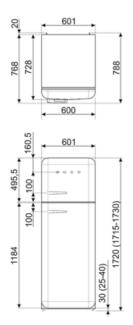

100 W 0,8 A Voltage (V)
Frequency (Hz)
Power supply cable

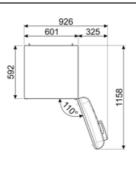

length

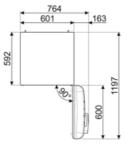

220-240 V 50/60 Hz

135 cm

Symbols glossary

4 stars freezing compartment for better food preservation.

A+++: Appliances with this symbol can reduce energy consumption by a further 30% from the standard A energy rating.

LED interior lighting: is a more energy efficient and long lasting way of illuminating the interior of the appliance.

Inverter technology: The evolution of Smeg's driers towards more intelligent and environmentally sustainable models has led to the choice of using Inverter technology with heat pumps, which reduces significantly energy consumption.

Antibacterial treatment: antibacterial treatment to ensure better hygiene

Ventilated: Forced distribution of cold air in the refrigerator compartment, which allows even temperature distribution within the fridge.

Life Plus 0°C: The temperature in the Lifeplus compartments is kept at 0°C, which preserves fresh meat and fish longer.

Air plus: keeps food fresher for longer.

Benefit

Plastic multiflow system

The Multiflow system ensures even distribution of cold air inside the refrigerator

Fan

The fan contributes to an even distribution of air inside the refrigerator

Refrigerant gas R600a

Environmentally friendly R600a refrigerant gas contributes to rapid cooling with lower energy consumption

Climate class

Climatic class SN-T makes the appliance suitable for working at room temperature between 10 $^{\circ}$ C and 43 $^{\circ}$ C (50 $^{\circ}$ F $^{\sim}$ 109 $^{\circ}$ F)

External handle

The external handle ensures practicality and ease of use of the refrigerator

Refrigerator Internal lighting

Interior lighting for perfect visibility of shelves in the refrigerator compartment

Inverter compressor

Inverter compressor reduces noise and vibration levels for a quiet and comfortable kitchen environment

Inverter compressor technology offers significant advantages for refrigeration systems, improving both performance and efficiency. Better temperature control ensures a more stable and constant indoor environment, preserving the freshness of food. This technology also results in reduced energy consumption, as the compressor adjusts its speed according to cooling needs.
