

# FAB32LRD5

Product Family	Refrigerator
Installation	Free standing
Category	Bottom Mount
Reference width	Until 60
Sistema Total No - Frost	Total
Cooling type	Total No Frost - Double Cooling system
Defrost	Automatic
Hinge type	Standard
Hinge position	Left
EAN code	8017709298081

## Aesthetics

Aesthetic	50's Style	Side material	Steel
Colour	Red	Side colour	Red
Finishing	Glossy	Logo	Applied
Design	Rounded	Door shelves profile color	Chrome
Material	Heat-moulded	Drawers profile color	Chrome
Handle	External	Color of glass shelf profile	Chrome
Handle type	Fixed	Display	LED
Handle colour	Chrome	Display position	Interno (sul Top)
Logo colour	Chrome	Alternative colours available	Orange, Pastel blue, White, Blue, Black, Cream, Pink, Red, Silver, Pastel green, Lime green

## Refrigerator compartment features

No. of adjustable shelves	2	Type of crisper/vegetable drawers cover	Glass
Number of fruit and vegetables drawers	1	Life Plus zone-0°C	-2°C +3 °C
Type of adjustable shelves	Glass	Internal light in fridge	Yes
		Type of internal light (fridge)	LED

Type of crisper/vegetable drawers cover      On sliding rails

Crisper Cover      Yes

## Refrigerator Inner Door

No. of door shelves with transparent cover      1

Number of adjustable door shelves      2

Adjustable door shelves with wire support      Yes

No. of bottle shelves      1

Bottle shelves with wire support      Yes

## Other Refrigerator features

MultiFlow      Yes

Fan      Yes

## Freezer compartment features

Number of drawers      3

No. of shelves      2

Type of shelves      Glass

## Other Freezer features

Fast freezing compartment      Yes

## Other technical features

Functions display

Fast freezing button

Power on lamp

Temperature alarm lamp

Door open alarm

Temperature Alarm

Holiday, Fast freezing, Fast cooling, ECO, Temperature alarm

Yes

Yes

Yes

Acoustic and visual

Yes

Type of temperature control

Electronic

No. of compressors

1

Refrigerant gas type

R600a

Type of compressor

Inverter

Refrigerant Quantity (gr)

60 g

## Symbols glossary

	4 stars freezing compartment for better food preservation.		A+++: Appliances with this symbol can reduce energy consumption by a further 30% from the standard A energy rating.
	The automatic defrost system works by automatically defrosting at regular intervals eliminating the need to defrost altogether.		LED display: to show programmes, functions and options selected and the time to the end of the cycle.
	Economical mode: Analyzes fridge functioning during the activation and optimizes the operating cycle in order to reduce power consumption.		Ventilated: Forced distribution of cold air in the refrigerator compartment, which allows even temperature distribution within the fridge.
	Fast freezing: The fast freezing function brings the temperature of the compartment down when activated a few hours prior to usage.		Power saving mode: The power saving mode allows you to disable the refrigerator and keep the freezer working.
	LED interior lighting: is a more energy efficient and long lasting way of illuminating the interior of the appliance.		Life Plus 0°C: The temperature in the Lifeplus compartments is kept at 0°C, which preserves fresh meat and fish longer.
	Smeg's evolution towards more intelligent and eco-friendly models has led to the choice of Inverter technology, which significantly reduces consumption.		Multiflow Cooling System: the Multiflow ventilation system allows an even distribution of cool air around the fridge cabinet.
	Energy efficiency class D		

---

## Benefit (TT)

---

### **No-Frost system**

The No Frost system prevents the formation of ice and contributes to better preservation of food in the refrigerator

### **Plastic multiflow system**

The Multiflow system ensures even distribution of cold air inside the refrigerator

### **Fan**

The fan contributes to an even distribution of air inside the refrigerator

### **Refrigerant gas R600a**

Environmentally friendly R600a refrigerant gas contributes to rapid cooling with lower energy consumption

### **Climate class**

Climatic class SN-T makes the appliance suitable for working at room temperature between 10 °C and 43 °C (50 °F ~ 109 °F)

### **External handle**

The external handle ensures practicality and ease of use of the refrigerator

### **Refrigerator Internal lighting**

Interior lighting for perfect visibility of shelves in the refrigerator compartment

### **Fruit and vegetable drawer**

The fruit and vegetable drawer ensures the best storage conditions for fresh food, avoiding any contamination

### **Inverter compressor**

Inverter compressor reduces noise and vibration levels for a quiet and comfortable kitchen environment

Inverter compressor technology offers significant advantages for refrigeration systems, improving both performance and efficiency. Better temperature control ensures a more stable and constant indoor environment, preserving the freshness of food. This technology also results in reduced energy consumption, as the compressor adjusts its speed according to cooling needs.

### **Internal display**

Internal display for targeted temperature control and a clean, minimalist design
