| Current                      | 0,8 A     | Power supply cable length | 200 cm             |
| Voltage (V)                  | 220-240 V | Plug                      | (G) UK e Singapore |

## Logistic Information

|                      |         |  |         |
|----------------------|---------|--|---------|
| Width                | 601 mm  | Product width with maximum doors opening | 926 mm  |
| Depth without handle | 728 mm  | Product depth with handle                | 768 mm  |
| Height               | 1955 mm | Product depth with doors open at 90°     | 1197 mm |

## Symbols glossary

|   |  |   |  |
|---|--|---|--|
|   | 4 stars freezing compartment for better food preservation.   |  | The automatic defrost system works by automatically defrosting at regular intervals eliminating the need to defrost altogether.                          |
|   | A+++: Appliances with this symbol can reduce energy consumption by a further 30% from the standard A energy rating.                        |  | Economical mode: Analyzes fridge functioning during the activation and optimizes the operating cycle in order to reduce power consumption.               |
|   | Ventilated: Forced distribution of cold air in the refrigerator compartment, which allows even temperature distribution within the fridge. |  | Fast freezing: The fast freezing function brings the temperature of the compartment down when activated a few hours prior to usage.                      |
|   | Power saving mode: The power saving mode allows you to disable the refrigerator and keep the freezer working.                              |  | LED interior lighting: is a more energy efficient and long lasting way of illuminating the interior of the appliance.                                    |
|   | Life Plus 0°C: The temperature in the Lifeplus compartments is kept at 0°C, which preserves fresh meat and fish longer.                    |  | Smeg's evolution towards more intelligent and eco-friendly models has led to the choice of Inverter technology, which significantly reduces consumption. |
|  | Multiflow Cooling System: the Multiflow ventilation system allows an even distribution of cool air around the fridge cabinet.              |   |  |
