

# **FMI017X**

**Product Family** Microwave Category Built-in Installation With frame Power supply Electric

**Cooking Method** Microwave with grill Control Electromechanical

#### **Controls**

Control knobs Display / Clock 1 a LED Push-push Type of control setting Control knobs / buttons Controls colour Steel effect Mechanical button **Bottons Colour** Steel effect Opening

No. of controls 1

### **Options**

Electronic Controls Lock / Child Timer Yes

Safety Time-setting options End cooking

Quick start option Yes End of cooking acoustic

alarm

#### **Technical Features**

Cavity material Stainless steel Door opening Side-opening

No. of lights 1 Total no. of door glasses 1 Light type Led Safety Thermostat Yes

**Turntable** Yes Cooling system **Tangential** Turntable dimensions 24,5 cm Microwave screen Yes

protection Light when door is Yes

Microwave stops when opened

Yes door is opened Grill type Quartz

Usable cavity space 194x330x290 mm Grill - power 1000 W dimensions (HxWxD)

**SMEG SPA** 27/12/2025

Microwave effective power

700 W

### Accessories included

Grid 1

Frame

Yes

## Performance / Energy Label

Usable volume 17 l

Gross volume

19 I

### **Electrical Connection**

Plug Nominal power Current Not present 1050 W 4,5 A Voltage (V)
Frequency (Hz)
Power supply cable
length

230 V 50 Hz 100 cm

#### Symbols glossary

Child lock: some models are fitted with a device to lock the programme/cycle so it cannot be accidentally changed.

Microwave energy shortens cooking times dramatically and produces energy savings.

Defrost by time: Manual defrost function. At the end of the set duration, the function stops.

Defrost by weight: Automatic defrost function. You choose the type of food to defrost from the available categories (MEAT - FISH - BREAD - DESSERTS). After entering the weight of the food, the oven automatically defines the time required for proper defrosting.

Fingerprint proof stainless steel: Fingerprint proof stainless steel keeps stainless steel looking as good as new.

Grill: Very intense heat coming only from above from a double heating element. The fan is not active. Provides excellent grilling and gratinating results. Used at the end of cooking, it gives a uniform browning to dishes.

Microwave: Penetrating straight into the food, microwaves cook very quickly and with considerable energy savings. Suitable for cooking without fat, they are also able to thaw and heat food without altering its original appearance and aroma. The microwave function can also be combined with conventional functions with all the resulting advantages. Ideal for all types of food.

Microwave + grill element: The use of the grill results in a perfect browning of the surface of the food. The action of microwaves allows instead of cooking in a short time the internal part of the food.

Side lights: Two opposing side lights increase visibility inside the oven.

The capacity indicates the amount of usable space in the oven cavity in litres.
