

FMI020X

Usable volume 20 l

~

Product Family Microwave
Category Built-in
Installation With frame
Power supply Electric

Cooking Method Microwave with grill
Control Electromechanical

Controls

Display / Clock 1 a LED Control knobs Push-push
Type of control setting Control knobs / buttons Controls colour Steel effect
Opening Mechanical button Bottons Colour Steel effect

No. of controls 1

Options

Timer Electronic Controls Lock / Child Yes

Time-setting options End cooking Safety

End of cooking acoustic Yes Quick start option Yes alarm

Technical Features

Cavity material Stainless steel Door opening Side-opening

No. of lights 1 Total no. of door glasses 1
Light type Led Safety Thermostat Yes
Turntable Yes Cooling system Tangential

Turntable dimensions 24,5 cm Microwave screen Yes

Light when door is Yes protection
opened Microwave stops when Yes

Grill type Heating element door is opened

Grill - power 1000 W Usable cavity space 218x315x295 mm dimensions (HxWxD)

SMEG SPA 14/12/2025

Microwave effective power

800 W

Accessories included

Grid 1 Frame Yes

Electrical Connection

Plug Not present Nominal power 1250 W Current 5.4 A

Voltage (V) Frequency (Hz) 50 Hz Power supply cable length

230 V 150 cm

Symbols glossary

Child lock: some models are fitted with a device to lock the programme/cycle so it cannot be accidentally changed.

Microwave energy shortens cooking times dramatically and produces energy savings.

Defrost by time: Manual defrost function. At the end of the set duration, the function stops.

Defrost by weight: Automatic defrost function. You choose the type of food to defrost from the available categories (MEAT - FISH - BREAD - DESSERTS). After entering the weight of the food, the oven automatically defines the time required for proper defrosting.

Fingerprint proof stainless steel: Fingerprint proof stainless steel keeps stainless steel looking as good as new.

Grill: Very intense heat coming only from above from a double heating element. The fan is not active. Provides excellent grilling and gratinating results. Used at the end of cooking, it gives a uniform browning to dishes.

Microwave: Penetrating straight into the food, microwaves cook very quickly and with considerable energy savings. Suitable for cooking without fat, they are also able to thaw and heat food without altering its original appearance and aroma. The microwave function can also be combined with conventional functions with all the resulting advantages. Ideal for all types of food.

Microwave + grill element: The use of the grill results in a perfect browning of the surface of the food. The action of microwaves allows instead of cooking in a short time the internal part of the food.

Side lights: Two opposing side lights increase visibility inside the oven.

The capacity indicates the amount of usable space in the oven cavity in litres.
