

FMI120G

Usable volume 20 l

Product Family Microwave
Category Built-in
Installation With frame
Power supply Electric
Cooking Method Microwave with grill
Control Electronic

Controls

Display / Clock	TFT	Opening	Electrical button
Type of control setting	Touch control		

Options

Timer	Electronic	Showroom demo option	Yes
Time-setting options	End cooking	Controls Lock / Child Safety	Yes
End of cooking acoustic alarm	Yes	Quick start option	Yes
Limited Power Consumption Mode	Yes		

Technical Features

Cavity material	Stainless steel	Grill - power	1000 W
No. of shelves/ levels	2	Door opening	Side-opening
Shelves type	Rack	Total no. of door glasses	2
No. of lights	1	Cooling system	Tangential
Light type	Incandescent	Microwave screen protection	Yes
Light Power	20 W	Microwave stops when door is opened	Yes
Turntable	Yes		
Turntable dimensions	24.5 cm		

Grill type	Quartz	Usable cavity space dimensions (HxWxD)	210x305x280 mm
		Microwave effective power	800 W

Accessories included

Grid	1	Frame	Yes
------	---	-------	-----

Electrical Connection

Plug	Not present	Voltage (V)	230 V
Nominal power	1300 W	Frequency (Hz)	50 Hz
Current	5.2 A	Power supply cable length	150 cm

Symbols glossary

	Child lock: some models are fitted with a device to lock the programme/cycle so it cannot be accidentally changed.		Microwave energy shortens cooking times dramatically and produces energy savings.
	Defrost by time: Manual defrost function. At the end of the set duration, the function stops.		Defrost by weight: Automatic defrost function. You choose the type of food to defrost from the available categories (MEAT - FISH - BREAD - DESSERTS) After entering the weight of the food, the oven automatically defines the time required for proper defrosting.
	Double glazed doors: Number of glazed doors.		Grill: Very intense heat coming only from above from a double heating element. The fan is not active. Provides excellent grilling and gratinating results. Used at the end of cooking, it gives a uniform browning to dishes.
	Microwave: Penetrating straight into the food, microwaves cook very quickly and with considerable energy savings. Suitable for cooking without fat, they are also able to thaw and heat food without altering its original appearance and aroma. The microwave function can also be combined with conventional functions with all the resulting advantages. Ideal for all types of food.		Microwave + grill element: The use of the grill results in a perfect browning of the surface of the food. The action of microwaves allows instead of cooking in a short time the internal part of the food.
	The oven cavity has 2 different cooking levels.		Touch controls: Easy to use touch controls allow the appliance to be programmed at the touch of a button.
	The capacity indicates the amount of usable space in the oven cavity in litres.		

Benefit (TT)

Electronic control

Timely temperature management and heat uniformity

Touch control

Easy operation of the display and cooking by touch

Automatic programmes

Preset programmes to simplify use and improve efficiency

Child control lock

Thanks to the child safety lock, the microwave provides peace of mind for parents while improving overall safety in the home environment

Quick start

One-touch cooking and heating start-up with the Quick Start option for a simple and intuitive user experience
