

FMI320X2

Usable volume	20 l
	
Product Family	Microwave
Category	Built-in
Installation	With frame
Power supply	Electric
Cooking Method	Microwave with grill
Control	Electronic

Programme / Functions

No. of functions	5
Full grill	
Defrost by time	
Defrost by weight	
Microwave	
Microwave + grill	
Automatic programmes	3
Other Microwave functions	Memory

Controls

			
Display / Clock	TFT	Opening	Electrical button
Type of control setting	Touch control		

Options

			
Timer	Electronic	Showroom demo option	Yes
Time-setting options	End cooking	Controls Lock / Child	Yes
End of cooking acoustic alarm	Yes	Safety	
		Quick start option	Yes

Limited Power Consumption Mode	Yes
--------------------------------	-----

Technical Features

Cavity material	Stainless steel
No. of shelves/ levels	2
Shelves type	Rack
No. of lights	1
Light type	Incandescent
Light Power	20 W
Turntable	Yes
Turntable dimensions	24.5 cm
Light when door is opened	Yes

Grill type	Quartz
Grill - power	1000 W
Door opening	Side-opening
Total no. of door glasses	2
Cooling system	Tangential
Microwave screen protection	Yes
Microwave stops when door is opened	Yes
Usable cavity space dimensions (HxWxD)	210x305x280 mm
Microwave effective power	850 W

Accessories Included

Grid	1	Frame	Yes
------	---	-------	-----

Electrical Connection

Plug	Not present	Voltage (V)	230 V
Nominal power	1300 W	Frequency (Hz)	50 Hz
Current	5,2 A	Power supply cable length	150 cm

Symbols glossary (TT)

	Child lock: some models are fitted with a device to lock the programme/cycle so it cannot be accidentally changed.		Microwave energy shortens cooking times dramatically and produces energy savings.
	Defrost by time: Manual defrost function. At the end of the set duration, the function stops.		Defrost by weight: Automatic defrost function. You choose the type of food to defrost from the available categories (MEAT - FISH - BREAD - DESSERTS) After entering the weight of the food, the oven automatically defines the time required for proper defrosting.
	Double glazed doors: Number of glazed doors.		Grill: Very intense heat coming only from above from a double heating element. The fan is not active. Provides excellent grilling and gratinating results. Used at the end of cooking, it gives a uniform browning to dishes.
	Microwave: Penetrating straight into the food, microwaves cook very quickly and with considerable energy savings. Suitable for cooking without fat, they are also able to thaw and heat food without altering its original appearance and aroma. The microwave function can also be combined with conventional functions with all the resulting advantages. Ideal for all types of food.		Microwave + grill element: The use of the grill results in a perfect browning of the surface of the food. The action of microwaves allows instead of cooking in a short time the internal part of the food.
	The oven cavity has 2 different cooking levels.		Touch controls: Easy to use touch controls allow the appliance to be programmed at the touch of a button.
	The capacity indicates the amount of usable space in the oven cavity in litres.
