

FMI425S

Usable volume	25 l
	
Product Family	Microwave
Category	Built-in
Installation	Fully Built-in
Power supply	Electric
Cooking Method	Microwave with grill
Control	Electromechanical

Programs / Functions

No. of functions	5
Full grill	
Defrost by time	
Defrost by weight	
Microwave	
Microwave + grill	
Automatic programmes	8
Other Microwave functions	Multi-session cooking

Controls

Display / Clock	1 a LED	Control knobs	Push-push
Type of control setting	Control knobs / buttons	Controls colour	Steel effect
Opening	Mechanical button	Bottoms Colour	Steel effect
No. of controls	1		

Options

			
Timer	Electronic	Controls Lock / Child Safety	Yes
Time-setting options	End cooking	Quick start option	Yes

End of cooking acoustic alarm Yes

Technical Features

Cavity material	Stainless steel
No. of shelves/ levels	2
Shelves type	Rack
No. of lights	1
Light type	Led
Turntable	Yes
Turntable dimensions	31.5 cm
Light when door is opened	Yes
Grill type	Quartz

Grill - power	1000 W
Door opening	Side-opening
Total no. of door glasses	1
Safety Thermostat	Yes
Cooling system	Tangential
Microwave screen protection	Yes
Microwave stops when door is opened	Yes
Usable cavity space dimensions (HxWxD)	206x368x328 mm
Microwave effective power	900 W

Accessories Included

Grid	1
------	---

Electrical Connection

Nominal power	1450 W
Current	6,3 A
Voltage (V)	230 V

Frequency (Hz)	50 Hz
Power supply cable length	150 cm

Symbols glossary (TT)

Child lock: some models are fitted with a device to lock the programme/cycle so it cannot be accidentally changed.

Defrost by time: Manual defrost function. At the end of the set duration, the function stops.

Grill: Very intense heat coming only from above from a double heating element. The fan is not active. Provides excellent grilling and gratinating results. Used at the end of cooking, it gives a uniform browning to dishes.

Microwave + grill element: The use of the grill results in a perfect browning of the surface of the food. The action of microwaves allows instead of cooking in a short time the internal part of the food.

The oven cavity has 2 different cooking levels.

Microwave energy shortens cooking times dramatically and produces energy savings.

Defrost by weight: Automatic defrost function. You choose the type of food to defrost from the available categories (MEAT - FISH - BREAD - DESSERTS) After entering the weight of the food, the oven automatically defines the time required for proper defrosting.

Microwave: Penetrating straight into the food, microwaves cook very quickly and with considerable energy savings. Suitable for cooking without fat, they are also able to thaw and heat food without altering its original appearance and aroma. The microwave function can also be combined with conventional functions with all the resulting advantages. Ideal for all types of food.

Side lights: Two opposing side lights increase visibility inside the oven.

The capacity indicates the amount of usable space in the oven cavity in litres.
