Technische specificaties

Materiaal ovenruimte	Inox ovenruimte	Grill - vermogen	1000 W
Aantal kookniveaus	2	Opening deur	Side-opening
Type ovenrekken	Verhoogd rooster	Totaal aantal ruiten	1
Aantal lampen	1	Veiligheidsthermostaat	Ja
Type lamp	LED	Koelsysteem	Mantelkoeling
Draaiplateau	Ja	Veiligheidsscherm microgolfdeur	Ja
Afmetingen draaiplateau	31.5 cm	Automatische uitschakeling microgolf bij openen deur	Ja
Automatische inschakeling verlichting bij openen deur	Ja	Afmetingen bruikbare interne ovenruimte (hxbxd)	206x368x328 mm
Type grill	Kwarts	Effectief vermogen microgolf	900 W

Meegeleverde accessoires

Ovenrooster	1
-------------	---

Elektrische aansluiting

Nominale aansluitwaarde	1450 W	Frequentie (Hz)	50 Hz
Stroom	6.3 A	Lengte voedingskabel	150 cm
Spanning (V)	230 V		

Symbols glossary (TT)

- | | | | |
|--|---|---|--|
|  | Sommige modellen zijn voorzien van een functie om het programma/de cyclus te blokkeren zodat het niet per ongeluk kan aangepast worden. |  | Microwave energy shortens cooking times dramatically and produces energy savings. |
|  | Defrost by time: Manual defrost function. At the end of the set duration, the function stops. |  | Defrost by weight: Automatic defrost function. You choose the type of food to defrost from the available categories (MEAT - FISH - BREAD - DESSERTS) After entering the weight of the food, the oven automatically defines the time required for proper defrosting. |
|  | Grill: Very intense heat coming only from above from a double heating element. The fan is not active. Provides excellent grilling and gratinating results. Used at the end of cooking, it gives a uniform browning to dishes. |  | Microwave: Penetrating straight into the food, microwaves cook very quickly and with considerable energy savings. Suitable for cooking without fat, they are also able to thaw and heat food without altering its original appearance and aroma. The microwave function can also be combined with conventional functions with all the resulting advantages. Ideal for all types of food. |
|  | Microwave + grill element: The use of the grill results in a perfect browning of the surface of the food. The action of microwaves allows instead of cooking in a short time the internal part of the food. |  | Side lights: Two opposing side lights increase visibility inside the oven. |
|  | The oven cavity has 2 different cooking levels. |  | The capacity indicates the amount of usable space in the oven cavity in litres. |
