Light type

Led

Safety Thermostat

Yes

Turntable

Yes

Cooling system

Tangential

Turntable dimensions

31,5 cm

Microwave screen protection

Yes

Light when door is opened

Yes

Microwave stops when door is opened

Yes

Grill type

Heating element

Grill - power	1100 W	Usable cavity space dimensions (HxWxD)	206x368x328 mm
		Microwave effective power	900 W

Accessories included

Grid	1	Frame	Yes
------	---	-------	-----

Electrical Connection

Plug	Not present	Voltage (V)	230 V
Nominal power	2500 W	Frequency (Hz)	50 Hz
Current	11 A	Power supply cable length	150 cm

Symbols glossary

	Child lock: some models are fitted with a device to lock the programme/cycle so it cannot be accidentally changed.		Combination microwave: This oven allows to combine two different ways of cooking (Traditional with microwaves). Combined ovens increase cooking opportunities, while providing maximum flexibility of household appliances.
	Microwave energy shortens cooking times dramatically and produces energy savings.		Defrost by time: Manual defrost function. At the end of the set duration, the function stops.
	Circulaire + grill: Circulaire with upper element or grill: Similar to fan with upper element with the added cooking speed of circulaire, ideal for dishes with a crispy topping. When used with the grill the food will brown more quickly.		Grill: Very intense heat coming only from above from a double heating element. The fan is not active. Provides excellent grilling and gratinating results. Used at the end of cooking, it gives a uniform browning to dishes.
	Microwave: Penetrating straight into the food, microwaves cook very quickly and with considerable energy savings. Suitable for cooking without fat, they are also able to thaw and heat food without altering its original appearance and aroma. The microwave function can also be combined with conventional functions with all the resulting advantages. Ideal for all types of food.		Cooking with the simultaneous use of the heating element in combination with fan and microwave supply.
	Microwave + grill element: The use of the grill results in a perfect browning of the surface of the food. The action of microwaves allows instead of cooking in a short time the internal part of the food.		Side lights: Two opposing side lights increase visibility inside the oven.
	The oven cavity has 2 different cooking levels.		Touch controls: Easy to use touch controls allow the appliance to be programmed at the touch of a button.
	The capacity indicates the amount of usable space in the oven cavity in litres.		

Benefit (TT)

Electronic control

Timely temperature management and heat uniformity

Touch control

Easy operation of the display and cooking by touch

Automatic programmes

Preset programmes to simplify use and improve efficiency

Child control lock

Thanks to the child safety lock, the microwave provides peace of mind for parents while improving overall safety in the home environment

Quick start

One-touch cooking and heating start-up with the Quick Start option for a simple and intuitive user experience
