FMI625CTI

Product Family	Microwave
Category	Built-in
Installation type	Built-in
Installation	Fully Built-in
Power supply	Electric
Cooking Method	Combi Microwave
Control	Electronic

Aesthetics

Aesthetics	Dolce Stil Novo	**Glass Type**	Eclipse
Colour	Black	**Serigraphy colour**	Grey
Frame	Yes	**Door**	Full glass
Material	Glass	**Logo**	Silk screen

Program / Functions

No. of functions	6	**Microwave + grill**	Yes
Circulaire + fan + grill	Yes	**Microwave + circulaire + fan**	Yes
Full grill	Yes	**Automatic programmes**	10
Defrost by time	Yes	**Other Microwave functions**	Multi-session cooking
Microwave	Yes		

Controls

Display / Clock	1 a LED	**Opening**	Electrical button
Type of control setting	Touch control		

Options

Timer	Electronic	**Controls Lock / Child Safety**	Yes
Time-setting options	End cooking		
End of cooking acoustic alarm	Yes	**Quick start option**	Yes

Technical Features

Cavity material	Stainless steel	**Circulaire heating element - Power**	2500 W
Shelf positions	2	**Door opening**	Side-opening
Shelves type	Rack	**Total no. of door glasses**	1
No. of lights	1	**Safety Thermostat**	Yes
Light type	LED	**Cooling system**	Tangential
Turntable	Yes	**Microwave screen protection**	Yes
Turntable dimensions	31.5 cm	**Microwave stops when door is opened**	Yes
Light when door is opened	Yes	**Usable cavity space dimensions (HxWxD)**	206x368x328 mm
Grill type	Heating element	**Microwave effective power**	900 W
Grill - power	1100 W		

Accessories Included

Grid	1	**Frame**	Yes

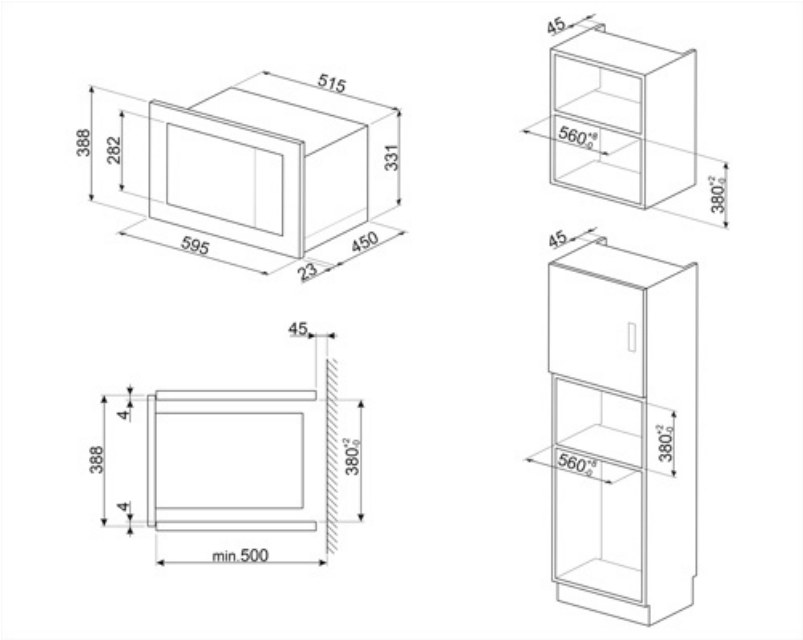

Performance / Energy Label

Usable volume	25 l	**Gross volume**	26 l

Electrical Connection

Plug	No	**Voltage (V)**	230 V
Nominal power (W)	2500 W	**Frequency (Hz)**	50 Hz
Current	11 A	**Power supply cable length**	150 cm

Symbols glossary

Child lock: some models are fitted with a device to lock the programme/cycle so it cannot be accidentally changed.

Microwave energy shortens cooking times dramatically and produces energy savings.

Circulaire + grill: Circulaire with upper element or grill: Similar to fan with upper element with the added cooking speed of circulaire, ideal for dishes with a crispy topping. When used with the grill the food will brown more quickly.

Microwave: Penetrating straight into the food, microwaves cook very quickly and with considerable energy savings. Suitable for cooking without fat, they are also able to thaw and heat food without altering its original appearance and aroma. The microwave function can also be combined with conventional functions with all the resulting advantages. Ideal for all types of food.

Microwave + grill element: The use of the grill results in a perfect browning of the surface of the food. The action of microwaves allows instead of cooking in a short time the internal part of the food.

The oven cavity has 2 different cooking levels.

The capacity indicates the amount of usable space in the oven cavity in litres.

Combination microwave: This oven allows to combine two different ways of cooking (Traditional with microwaves). Combined ovens increase cooking opportunities,while providing maximum flexibility of household appliances.

Defrost by time: with this function the time of thawing of foods are determined automatically.

Grill element: Using of grill gives excellent results when cooking meat of medium and small portions, especially when combined with a rotisserie (where possible). Also ideal for cooking sausages and bacon.

Cooking with the simultaneous use of the heating element in combination with fan and microwave supply.

Side lights: Two opposing side lights increase visibility inside the oven.

Touch controls: Easy to use touch controls allow the appliance to be programmed at the touch of a button.
