

FQ55UFX

Product Family	Refrigerator
Installation	Free standing
Category	2 Doors & 2 Drawers
Sistema Total No - Frost	Total
Cooling type	Fan assisted refrigerator, no-frost freezer
Defrost	Automatic
Hinge type	Standard
EAN code	8017709303891

Aesthetics

Aesthetic	Universale	Handle	Integrated
Colour	Stainless steel	Side material	Steel
Finishing	Fingerproof	Logo	Applied
Design	Flat	Display	LED
Material	Steel Effect	Display position	Interno (sul Top)
Door steel type	Finger proof		

Refrigerator compartment features

No. of adjustable shelves	2	Type of crisper/vegetable drawers cover	Glass
Number of fruit and vegetables drawers	3	Internal light in fridge	Yes
Type of adjustable shelves	Glass	Type of internal light (fridge)	LED
Crisper Cover	Yes		

Refrigerator Inner Door

Number of adjustable door shelves	4	No. of bottle shelves	2
-----------------------------------	---	-----------------------	---

Other Refrigerator features

MultiFlow

Yes

Fan

Yes

Freezer compartment features

Number of drawers 2

Other Freezer features

Ice maker Automatic

Ice tray shelf

Yes

Other technical features

Functions display

MultiZone

Fast freezing button

Water network connection

Type of temperature control

Refrigerant gas type

Type of compressor

Foam agent

Fast freezing, Fast cooling, Control lock

Yes

Yes

Yes

Electronic

R600a

Inverter

Cyclopentane

Performance / Energy Label - Reg. 2019

Airborne acoustical noise emissions 45 dB(A) re 1 pW

Electrical Connection

Plug (B) NEMA 5-15P
Electrical connection rating 140 W
Current 2,5 A

Voltage (V) 115 V
Frequency (Hz) 60 Hz
Power supply cable length 66 15/16 "

Symbols glossary

	4 stars freezing compartment for better food preservation.		The automatic defrost system works by automatically defrosting at regular intervals eliminating the need to defrost altogether.
	Child lock: some models are fitted with a device to lock the programme/cycle so it cannot be accidentally changed.		LED display: to show programmes, functions and options selected and the time to the end of the cycle.
	Ventilated: Forced distribution of cold air in the refrigerator compartment, which allows even temperature distribution within the fridge.		Fast freezing: The fast freezing function brings the temperature of the compartment down when activated a few hours prior to usage.
	Fingerprint proof stainless steel: Fingerprint proof stainless steel keeps stainless steel looking as good as new.		LED interior lighting: is a more energy efficient and long lasting way of illuminating the interior of the appliance.
	Smeg's evolution towards more intelligent and eco-friendly models has led to the choice of Inverter technology, which significantly reduces consumption.		Air plus: keeps food fresher for longer.
	No Frost: The No Frost and Frost free systems prevent ice from forming so that no defrosting is required.		

Benefit (TT)

Plastic multiflow system

The Multiflow system ensures even distribution of cold air inside the refrigerator

Fan

The fan contributes to an even distribution of air inside the refrigerator

Multizone (variable temperature compartment)

The Multizone system isolates a freezer compartment with adjustable temperature independent of the main compartment, to give maximum storage flexibility

The Multizone compartment can be used both as a freezer and as a refrigerator. Depending on one's needs and eating habits, each user can choose how to set it, programming the temperature via the external display.

Refrigerant gas R600a

Environmentally friendly R600a refrigerant gas contributes to rapid cooling with lower energy consumption

Climate class

Climatic class SN-T makes the appliance suitable for working at room temperature between 10 °C and 43 °C (50 °F ~ 109 °F)

Reversible door

Reversible door ensures flexible installation and space optimisation

Refrigerator Internal lighting

Interior lighting for perfect visibility of shelves in the refrigerator compartment

Fruit and vegetable drawer

The fruit and vegetable drawer ensures the best storage conditions for fresh food, avoiding any contamination

Inverter compressor

Inverter compressor reduces noise and vibration levels for a quiet and comfortable kitchen environment

Inverter compressor technology offers significant advantages for refrigeration systems, improving both performance and efficiency. Better temperature control ensures a more stable and constant indoor environment, preserving the freshness of food. This technology also results in reduced energy consumption, as the compressor adjusts its speed according to cooling needs.

Automatic ice maker with direct water connection

Constant ice availability thanks to the automatic ice maker, directly connected to the water supply for effortless and uninterrupted production

Internal display

Internal display for targeted temperature control and a clean, minimalist design
