

FQ55UFX

Product family	Refrigerator
Installation	Free-standing
Category	2 doors & 2 drawers
Cooling type	Fan-assisted refrigerator, no-frost freezer
Defrost	Automatic
Hinge	Standard
EAN code	8017709303891

Aesthetic

Aesthetics	Universal	Handle	Integrated
Color	Stainless steel	Side material	Steel
Design	Flat	Logo	Applied
Finishing	Fingerprint-proof	Display	LED
Material	Stainless steel effect	Display position	Internal
Door stainless steel type	Fingerprint-proof		

Refrigerator compartment features

Number of compartments	3	Crisper cover	Yes
Compartment types	Low temperature compartment, Fruit and vegetable compartment	Type of crisper cover	Glass
No. of adjustable shelves	2	Low temperature compartment	Yes
Number of fruit and vegetables drawers	2	Refrigerator lighting	Yes
Type of adjustable shelves	Glass	Refrigerator lighting	LED

Refrigerator Inner Door

No. of bottle shelves	2
-----------------------	---

Number of adjustable
door shelves 4

Other Refrigerator features

Yes

Electronic

R600a

Inverter

Cyclopentane

Performance / Energy Label

Noise level 45 dB(A) re 1 pW

Electrical Connection

Electrical connection rating 140 W
Current 2,5 A
Voltage (V) 115 V

Frequency (Hz) 60 Hz
Power cord length 66 15/16 "
Plug (B) NEMA 5-15P

Logistic Information

Width 36 "
Depth without handle 29 "

Height 69 7/8 "

Width with doors open 40 5/8 "
at 90°

Symbols glossary

	4 stars freezing compartment for better food preservation.		The automatic defrost system works by automatically defrosting at regular intervals eliminating the need to defrost altogether.
	Child lock: some models are fitted with a device to lock the programme/cycle so it cannot be accidentally changed.		LED display: to show programmes, functions and options selected and the time to the end of the cycle.
	Ventilated: Forced distribution of cold air in the refrigerator compartment, which allows even temperature distribution within the fridge.		Fast freezing: The fast freezing function brings the temperature of the compartment down when activated a few hours prior to usage.
	Fingerprint proof stainless steel: Fingerprint proof stainless steel keeps stainless steel looking as good as new.		LED interior lighting: is a more energy efficient and long lasting way of illuminating the interior of the appliance.
	Inverter technology: The evolution of Smeg's driers towards more intelligent and environmentally sustainable models has led to the choice of using Inverter technology with heat pumps, which reduces significantly energy consumption.		Air plus: keeps food fresher for longer.
	No Frost: The No Frost and Frost free systems prevent ice from forming so that no defrosting is required.
