

# FQ60BDE

|                  |  |
|------------------|--|
| Product Family   | Refrigerator                           |
| Installation     | Free Standing                          |
| Category         | 4 Doors                                |
| Reference width  | Higher than 80 cm                      |
| Reference height | 160 - 200 cm                           |
| No-Frost system  | Yes                                    |
| Cooling type     | Total No Frost - Double Cooling system |
| Defrost          | Automatic                              |
| Hinge type       | Standard                               |
| EAN code         | 8017709337681                          |

## Aesthetics

## Symbols glossary

The automatic defrost system works by automatically defrosting at regular intervals eliminating the need to defrost altogether.

Child lock: some models are fitted with a device to lock the programme/cycle so it cannot be accidentally changed.

Economical mode: Analyzes fridge functioning during the activation and optimizes the operating cycle in order to reduce power consumption.

Fast freezing: The fast freezing function brings the temperature of the compartment down when activated a few hours prior to usage.

LED interior lighting: is a more energy efficient and long lasting way of illuminating the interior of the appliance.

Air plus: keeps food fresher for longer.

Energy efficiency class E

Antibacterial treatment: antibacterial treatment to ensure better hygiene

LED display: to show programmes, functions and options selected and the time to the end of the cycle.

Ventilated: Forced distribution of cold air in the refrigerator compartment, which allows even temperature distribution within the fridge.

Power saving mode: The power saving mode allows you to disable the refrigerator and keep the freezer working.

Inverter technology: The evolution of Smeg's driers towards more intelligent and environmentally sustainable models has led to the choice of using Inverter technology with heat pumps, which reduces significantly energy consumption.

Natural Plus Blu Light: This unique Natural Plus Blu Light system works with nature to increase the storage time of fruit and vegetables.
