

FZU18L

Product family	Freezers
Installation	Built-in
Category	One Door
Reference width	Until 60
Reference height	Higher than 200
Cooling type	No-frost
Hinge	Door-to-door
Hinge position	Left

Aesthetic

Aesthetics	Panel-ready	Drawers profile color	White
Material	Steel	Display	TFT
Side material	Metal		

Freezer features

Freezer lighting	Yes
Freezer lighting	LED
Number of drawers	3

Other Freezer features

Ice maker	Automatico
-----------	------------

Other technical features

Display functions	Holiday, Fast-freezing, MultiZone, Sabbath	Type of temperature control	Electronic
Fast-freezing button	Yes	No. of compressors	1
Power-on light	Yes	Refrigerant gas type	R600a
Door-open alarm	Yes	Type of compressor	Inverter
Temperature Alarm	Yes		
Antibacterial Gasket	Yes	Refrigerant quantity	59 oz

Metal panel on the back of the fridge Metal

Performance / Energy Label

Annual energy consumption	480 KWh/year	Climatic class	SN, N, ST, T
Total volume	61.3 gal		

Electrical Connection

Plug	(B) NEMA 5-15P	Frequency (Hz)	60 Hz
Current	2,5 A	Power cord length	78 3/4 "
Voltage	115 V		

Symbols glossary

	Fast freezing: The fast freezing function brings the temperature of the compartment down when activated a few hours prior to usage.		Power saving mode: The power saving mode allows you to disable the refrigerator and keep the freezer working.
	LED interior lighting: is a more energy efficient and long lasting way of illuminating the interior of the appliance.		Inverter technology: The evolution of Smeg's driers towards more intelligent and environmentally sustainable models has led to the choice of using Inverter technology with heat pumps, which reduces significantly energy consumption.
	Multizone: Multizone compartment can be used as a refrigerator or a freezer compartment. Depending on your needs and eating habits, you can select settings, program the temperature using.		No Frost: The No Frost and Frost free systems prevent ice from forming so that no defrosting is required.

Benefit (TT)

No-Forst Cooling System

The No Frost system prevents the formation of ice and contributes to better preservation of food in the refrigerator

Door-on-door Hinge

Fixed hinges, otherwise known as door-on-door hinges, directly connects the cabinet door to the appliance door

The cabinet door will not be attached to the rest of the cabinetry. Instead, it will be completely attached to the appliance door. Therefore, the appliance door will be bearing the weight of the cabinet door. This type of fitting is often sturdier than a sliding hinge fitting, and can give you a sleeker finish.

TFT Display

The TFT display offers an intuitive and elegant interface, making operation simple and immediate with a premium touch

Internal illumination

Interior lighting for perfect visibility of the drawers in the freezer compartment

R600a Refrigerant Gas

Environmentally friendly R600a refrigerant gas contributes to rapid cooling with lower energy consumption

Automatic Ice Maker

Automatic ice maker for ice always available when needed
