Symbols glossary

Fast freezing: The fast freezing function brings the temperature of the compartment down when activated a few hours prior to usage.

Power saving mode: The power saving mode allows you to disable the refrigerator and keep the freezer working.

LED interior lighting: is a more energy efficient and long lasting way of illuminating the interior of the appliance.

Inverter technology: The evolution of Smeg's driers towards more intelligent and environmentally sustainable models has led to the choice of using Inverter technology with heat pumps, which reduces significantly energy consumption.

Multizone: Multizone compartment can be used as a refrigerator or a freezer compartment. Depending on your needs and eating habbits, you can select settings, program the temperature using.

No Frost: The No Frost and Frost free systems prevent ice from forming so that no defrosting is required.
