## Symbols glossary

**Fast freezing:** The fast freezing function brings the temperature of the compartment down when activated a few hours prior to usage.

**LED interior lighting:** is a more energy efficient and long lasting way of illuminating the interior of the appliance.

**Multizone:** Multizone compartment can be used as a refrigerator or a freezer compartment. Depending on your needs and eating habits, you can select settings, program the temperature using.

**Power saving mode:** The power saving mode allows you to disable the refrigerator and keep the freezer working.

**Inverter technology:** The evolution of Smeg's dryers towards more intelligent and environmentally sustainable models has led to the choice of using Inverter technology with heat pumps, which reduces significantly energy consumption.

**No Frost:** The No Frost and Frost free systems prevent ice from forming so that no defrosting is required.
