Symbols glossary

Fast freezing: The fast freezing function brings the temperature of the compartment down when activated a few hours prior to usage.

Inverter technology: The evolution of Smeg's driers towards more intelligent and environmentally sustainable models has led to the choice of using Inverter technology with heat pumps, which reduces significantly energy consumption.

Power saving mode: The power saving mode allows you to disable the refrigerator and keep the freezer working.

No Frost: The No Frost and Frost free systems prevent ice from forming so that no defrosting is required.
