

FZU36LX

Product Family	Freezers
Installation	Built-in
Category	Single door
Reference width	Higher than 80
Reference height	Higher than 200
Cooling type	No Frost
Hinge type	Door on door
Hinge position	Left

Aesthetics

Aesthetic	Classica	Handle type	Fixed
Colour	Stainless steel	Handle colour	Stainless steel
Material	Stainless steel	Side material	Metal
Door steel type	Normal	Logo	Applied
Handle	External	Display	TFT

Freezer compartment features

Internal light in freezer	Yes
Type of internal light (freezer)	Incandescent light
Number of drawers	4

Other Freezer features

Warehouse availability first date	Automatico
-----------------------------------	------------

Other technical features

Functions display	Holiday, Fast Freezing	Type of temperature control	Electronic
Fast freezing button	Yes	No. of compressors	1
Power on lamp	Yes	Refrigerant gas type	R600a
Temperature alarm lamp	Yes	Type of compressor	Inverter

Door open alarm	Yes	Refrigerant Quantity (gr)	85 oz
Temperature alarm	Yes	Foam agent	Cyclopentane

Performance / Energy Label - Reg. 2019

Total net volume	150.6 gal	Climate class	SN, N, ST, T
Sum of the volumes of the frozen compartment(s)	150.6 gal		

Electrical Connection

Plug	(B) NEMA 5-15P	Frequency (Hz)	60 Hz
Current	3.5 A	Power supply cable length	78 3/4 "
Voltage	115 V		

Symbols glossary

Fast freezing: The fast freezing function brings the temperature of the compartment down when activated a few hours prior to usage.

Smeg's evolution towards more intelligent and eco-friendly models has led to the choice of Inverter technology, which significantly reduces consumption.

Power saving mode: The power saving mode allows you to disable the refrigerator and keep the freezer working.

No Frost: The No Frost and Frost free systems prevent ice from forming so that no defrosting is required.

Benefit (TT)

No-Forst Cooling System

The No Frost system prevents the formation of ice and contributes to better preservation of food in the refrigerator

Door-on-door Hinge

Fixed hinges, otherwise known as door-on-door hinges, directly connects the cabinet door to the appliance door

The cabinet door will not be attached to the rest of the cabinetry. Instead, it will be completely attached to the appliance door. Therefore, the appliance door will be bearing the weight of the cabinet door. This type of fitting is often sturdier than a sliding hinge fitting, and can give you a sleeker finish.

TFT Display

The TFT display offers an intuitive and elegant interface, making operation simple and immediate with a premium touch

Internal illumination

Interior lighting for perfect visibility of the drawers in the freezer compartment

External Handle

The external handle ensures practicality and ease of use of the freezer

R600a Refrigerant Gas

Environmentally friendly R600a refrigerant gas contributes to rapid cooling with lower energy consumption

Automatic Ice Maker

Automatic ice maker for ice always available when needed
