

HOBD682R1

Product Family Hob **Traditional** Built-in type 80 cm **Dimensions** Power supply Electric

Induction with integrated rangehood Type

Extraction Extraction **Electronic control** Yes

EAN code 8017709298692

Energy efficieency class (EEC) A+++

Aesthetics

Aesthetic Dolce Stil Novo

Colour Black **Finishing** Glass Material Glass Glass type Ceramic Glass edge Straight edge

Frame Yes Frame colour Copper Cast iron Pan stands

Type of control setting Multi Slider Slider Yes

Control knob position Front Silk screen Logo Serigraphy colour Grey

Compatible Accessories

CON60H

Flat duct connector for tubes 220*60 mm. It help to connect more tubes of the kit KITEHOBD4

FLTHOBD

Ceramic Anti Odour Filter regenerable as spare part suitable for Recirculating kit (accessory KITF6HOBD) of the hob with integrated hood models HOBD682D and HOBD682R

Rectangular Louvred grille, external size 246*80 mm and internal 226*60*50 mm

KITEHOBD

Exhaust kit optional for Hobd: tubes for installation in exhaust mode

Filtering kit (lateral outlet) optional for Hobd: tube 1,5 mt and curve

KITF6HOBD

Recirculating kit for Hobd: tubes + regenerable anti-odor filter + grid in stainless steel with magnetics fix (easy to remove) that fit in a plinth of min. 6 cm

RED60H

Reducer from 90 to 60 mm suitable for rectangular tube of 220 mm. Size: 220x90x92 mm

TPK

Stainless steel grill plate to cook Teppanyaki dishes

Symbols glossary

Power booster: option allows the zone to work at full power when very intense cooking is necessary.

Standard installation: Traditional installation in tabletop, suitable for any kitchen sets

Heavy duty cast iron pan stands: for maximum stability and strength.

Child lock: some models are fitted with a device to lock the programme/cycle so it cannot be accidentally changed.

The slider control panel allows you to adjust the power simply by passing your finger across the touch device.

Keep warm function: Keep warm function keeps the cooked food heated. In this mode the heating zone operates at a minimum capacity for 120 minutes and then turns off automatically.

Melting function, suitable for slowly melting delicate foods such as chocolate or butter.

Multizone: allows several pans to be used at once, large or small, offering freedom of placement and greater flexibility

Overfill protection: The special overfill protection shuts down the stove in the presence of overflow of liquids.

PAUSE_72dpi

Quick selection, with one touch cooking begins at the highest level, then automatically reduces after time. Ideal for dishes that require quick boiling and then continued cooking without constant control (eg beef broth).

Quick Start function: the chosen temperature is reached faster. The heating element works at maximum power until the right temperature is reached.

Indication of residual heat: After the glass ceramic hob is switched off the residual heat indicator shows which of the heating zones still remains hot. When the temperature drops below 60 ° C, the indicator goes out.

Simmering function: ideal for long-cooking recipes, preventing food from boiling over or sticking to the pan.

Time elapsed: shows how long the cooking zone has been in use.

Timer: All ceramic hobs have a timer which automatically ends cooking after a preset time.
