## Symbols glossary

---

- |  |   |   |   |
|--|---|---|---|
|  | 24h: When selected this function refreshes the air for c. 10 minutes every hour over a 24 hour period, at minimum speed and an imperceptible noise level. |  | Filters: Model has filters to help remove grease from the steam emanating from the pans during cooking. |
|  | Switch off automatically: A special setting, to run after the end of cooking for a pre-set time and then switch off automatically.                        |  | Warning light(s): to advise when filters need changing.   |
|  | Lights: All cooker hoods feature lights to illuminate the cooking area or add to the ambience of the kitchen.   |  | Intensive/turbo setting: when extra fast extraction is required.  |
|  | Dimmering Lights  |   |   |
