### Symbols glossary

Filters: Model has filters to help remove grease from the steam emanating from the pans during cooking.

Charcoal filters: Extracting through charcoal filters or directly to the exterior lessens strong cooking odours considerably.

Warning light(s): to advise when filters need changing.

Intensive/turbo setting: when extra fast extraction is required.

Switch off automatically: A special setting, to run after the end of cooking for a pre-set time and then switch off automatically.

A+: Energy efficiency class A+ helps to save up to 10% energy compared to class A. Maximum performance with minimum consumption is guaranteed.

Lights: All cooker hoods feature lights to illuminate the cooking area or add to the ambience of the kitchen.
