Kit extension for dishwasher and washing machine: lenght mt. 2

KITPL60B

Toekick Kit in White colour with adjustable height and deepness. Can be installed over all the fully integrated and underbench models with variable fulcrum or flexifit hinges.

KITPL60X

Toekick Kit in Stainless Steel with adjustable height and deepness. Can be fitted over all the fully integrated and underbench models with variable fulcrum or flexifit hinges.

Symbols glossary

The Aquatest sensor is an electronic sensor that measures the degree of water transparency at the end of the initial soaking phase. Based on the values measured, the sensor sets the most suitable programme, thus obtaining the best washing results with the minimum amount of water.

86 cm high

LED display: to show programmes, functions and options selected and the time to the end of the cycle.

FlexiDuo: The FlexiDuo 3rd cutlery basket allows you to arrange cutlery or small cups, ladles, or bulky utensils however you like: it consists of two separate and moveable modules.

The ExtraGlide guides system makes the second basket run even smoother and softer. It facilitates movement even when fully loaded, and thanks to the increased excursion, facilitates the insertion of dishes into the basket.

The Planetarium washing system, with high rotations per minute, guarantees complete coverage of the tank, thanks to the simultaneous rotation of base and sprayers, and excellent washing results.

1/2 load: This program is designed for washing dishes not heavily soiled with partial load of the dishwasher.

Mix: The Mix programme is suitable for mixed crockery and everyday pots and pans, without any particular incrustation.

Allows you to enable additional programs when selected together with any wash cycle. After having selected the required wash cycle, press the button (

Express 27': The Express 27' programme is a quick wash cycle, at low temperatures, for lightly soiled dishes.

To improve the drying of dishes without leaving stains.

Delay Timer: Option to postpone the start of the desired programme by up to 24 hours in order to programme the dishwasher to run at the desired time.

The Dry Assist option ensures optimal drying of the dishes by automatically opening the door at the end of the wash cycle. Reducing the rinse temperature

FlexiZone: The 1/2 load flexizone allows you to wash a reduced load saving energy, water and time and there are no restrictions on where the items are placed.

Noise Level: Excellent insulation and special devices keep noise to a minimum.

Delicate: Delicate washing program is designed for delicate dishes which are not heavily soiled.

Delicate: Delicate washing program is designed for delicate dishes which are not heavily soiled.

Dishwasher cleaning cycle. The cycle should be started with the machine empty, without dishes. It is recommended to run the program every 2-3 months, using special dishwasher detergents.

Soak programme: The soak programme provides a rinse to prevent dirt from drying.

STERYL 75°: Intensive wash cycle ideal for plates, pots, pans, cutting boards, feeding bottles.

13 place settings: Number of place settings.

Total AcquaStop: In addition to the partial AcquaStop protection present in all Smeg dishwashers, some models have an electronic device fitted to the water intake hose, which monitors water levels in the machine, detects leaks in the hose and switches off the water supply immediately when necessary.
