Tap stabiliser

Symbols glossary

Cupboard width required for sink installation

Sink depth - depending on the model, the depth can be from 13 to 24.5

Ultra-low profile: Installation of product with flat edge - height of 1 mm.

Benefit (TT)

Two bowls

Two bowls for greater versatility and dual functionality

Drainer

The drawer allows dishes, cutlery and kitchen utensils to be placed directly on the sink after washing: excess water can drain into the sink, allowing for natural drying

Tap hole

Possibility of having the tap hole for direct installation of the tap on the sink, for a larger and neater surface area
