STABMIX

Tap brace

Symbols glossary

Cupboard width required for sink installation

Sink depth - depending on the model, the depth can be from 13 to 24,5

Standard installation: Traditional installation in tabletop, suitable for any kitchen sets

Thanks to the double tap hole, most of our sinks are easily reversible, giving you the flexibility to make any type of kitchen composition.

Benefit

One bowl

A single bowl for greater adaptability, capacity and space optimisation

Drainer

The drainer provides a convenient space for dishes, cutlery, and kitchen utensils to dry naturally by allowing excess water to flow directly into the sink.

Double tap hole

The sink is easily reversible, making it possible to create any type of kitchen composition

Tap hole

The sink offers the option of pre-cut tap holes, allowing for direct tap installation and creating a more spacious, streamlined surface.
