KITSTR

1 Bowl automatic pop up waste kit with rectangular overflow and round knob

STABMIX

Tap stabiliser

Symbols glossary

Cupboard width required for sink installation

Sink depth - depending on the model, the depth can be from 13 to 24.5

Standard installation: Traditional installation in tabletop, suitable for any kitchen sets

Thanks to the double tap hole, most of our sinks are easily reversible, giving you the flexibility to make any type of kitchen composition.

Benefit (TT)

One bowl

A single bowl for greater adaptability, capacity and space optimisation

Drainer

The drawer allows dishes, cutlery and kitchen utensils to be placed directly on the sink after washing: excess water can drain into the sink, allowing for natural drying

Double tap hole

The sink is easily reversible, making it possible to create any type of kitchen composition

Tap hole

Possibility of having the tap hole for direct installation of the tap on the sink, for a larger and neater surface area
