Symbols glossary

Antibacterial

Cupboard width required for sink installation.

Standard installation: Traditional installation in tabletop, suitable for any kitchen sets.

Termal schock resistant

Impact resistant

UV protection, does not fade over time.

Antiscratch

Sink depth - depending on the model, the depth can be from 13 to 24,5.

Easy to clean

High temperatures resistant

Thanks to the double tap hole, most of our sinks are easily reversible, giving you the flexibility to make any type of kitchen composition.
